THREE CENTS

MERCHANTS WANT LIGHTING SYSTEM IMPROVED

ADLER'S ATTEMPT TO GIVE RINEHART PAY BOOST FAILS

Money Lopped Off Service
Director's Salary Is
Not Restored.

TWO CLERKS ARE VOTED INCREASE

Sewer Assessment On Park
Street Reduced After
Investigation

Councilman Max Adler's efforts Tuesday night to put back on Service Director P. A. Rinehart's salary the \$300 chopped off last fall by the old council, met with not a single vote of approval.

Adler, following a discussion of other things pertaining to Rinehart's department, declared that "Rinehart cannot live on compliments alone and I urge that council put back the \$300 taken from his salary."

He then made a motion that the matter be referred to the finance committee for consideration, but when President D. L. Augustine asked if there was a second to the motion, there was none, and he declared it no question.

Rinehart was cut from \$2,700 to \$2,400 on night last fall when council raised some salaries, and cut only the service director's. Since then Adler has been privately advocating raising the salary back to its original amount, maintaining that "Rinehart is deserving by his efficient work."

His action last night was his first of fiscal recommendation of the raise.

Council, however, raised two other salaries last night.

Raise Two Salaries

On the recommendation of its finance committee, made through the chairman, Mrs. Stanton Heck, that the salaries of the two waterworks office clerks be increased \$15 per month each, council unanimously granted the raises and instructed City Solicitor Cecil K. Scott to draw up the necessary legislation.

The committee feels, said Mrs. Heck, that after an investigation of the amount of work the clerks perform and the salaries paid private concerns, the two clerks are entitled to the raises.

Miss Nellie Miller, chief clerk, was raised to \$115 and Miss Helen Woerther to \$100 per month.

Mrs. J. R. Stratton, chairman of the claims committee, reported the recommendation that the Park st. sewer assessment of \$1.71 per foot, which residents on the street two weeks ago protested be reduced to \$1.31 per foot, thus placing the payment for the frontage of Centennial park half or the property owners and half on the city.

Council accepted this report.

Councilman William Probert declared that water given residents in the South side district was unfit for even washing some days, as it is so dark, and this report was referred by President Augustine to the service director.

Rinehart's Plans

Interurban cars stand too long on the Ellisworth ave. tracks, said Councilman Charles Baker, and on his motion, council instructed the service director to take the matter up with Stark and Y. & O. officials.

Baker stated that the cars stand so long that it hinders vehicular traffic to a great extent, especially during bad weather.

Council passed a motion of Councilman Adler giving Director Rinehart a vote of thanks for repairing chairs.

Miners' Tots Happy as War Ends, But Still Suffer

Children in the anthracite mining districts of Pennsylvania are happy again, with the 164-day strike over, as the upper photo shows; but there continues to be distress in many of their homes, with food, fuel and clothing short. On eve of settlement, when two truck loads of coal ventured on streets of Throop, Pa., strikers overturned them and their desperate wives and children gathered in the fuel for home use, as lower photo shows.

UNCLE WON'T PRY INTO INCOMES OF LITTLE FELLOWS

Wages of \$3,500 for Married
\$1,500 for Single Need
Not Be Reported

Washington, Feb. 17.—Uncle Sam announced today he would no longer pry into the incomes of the "little fellows."

Anticipating passage by congress of the new revenue law, which eliminates all taxes on incomes below \$1,500 for single and \$3,500 for married persons, the treasury issued regulations that employers henceforth need not report salaries below those figures.

The order will cut 4,000,000 people from the surveillance of the internal revenue bureau. It is estimated and leave only 8,000,000 on whom the treasury has a salary check.

Up to the present every employer in the United States has been required by law to report the incomes of every employee who received more than \$1,000 annually. The effect of the rule has been to give the government a double check on the veracity of the taxpayer—through his own return and that of the "boss."

An important decrease in work for both the employer and the government is expected to result from the new regulations.

The new tax bill provides that returns must be made by "all persons," a whatever capacity acting, including leases of mortgages of real or personal property, fiduciaries and employers, where salaries exceed \$1,500 for single and \$3,500 for married persons.

Among the checks still retained by the treasury, however, are those requiring real estate agents to report payments to landlords, and banks to report interest payments if the amount exceeded the minimum income figures.

Home Town Boosters Will Hear Youngest Opera Star Tonight

New York, Feb. 17.—Marion Talley's "home town" boosters from Missouri were here en masse today.

With 130 Kansas City residents already here, almost as many others were expected to be on hand when the 19-year-old Kansas City girl takes the stage of the Metropolitan tonight for her debut—the youngest opera star since Patti.

A delegation from the Missouri Women's club also will attend tonight's performance, which will be followed by a reception.

Plan Improvements To A. M. E. Church

St. John's A. M. E. congregation is looking forward to painting its church on East High at and to putting a heater in it, it was announced Wednesday.

A financial statement of this church shows that it has an indebtedness of \$58.60. The trustees have in the treasury, \$26.80. Forty-one dollars and fifty nine cents have been raised for the minister, Rev. V. B. Polk. Any help that the public could give this church would be appreciated.

Neck Broken, Youth May Cheat Death

Pittsburg, Pa., Feb. 17.—Clinging tenaciously to a slender thread of life, Roddy Marshall, Jr., 16-year-old son of one of Pittsburg's foremost criminal lawyers, today was believed by physicians to be on the road to recovery after lingering on the threshold of death since his neck was broken last summer.

Young Marshall's neck was broken while he was diving off Narragansett, R. I. For months he could not use his fingers, causing physicians to fear the spinal cord had been severed at the point of fracture.

Within the last few days his condition has showed marked improvement and both his family and physicians hope for his ultimate recovery.

LOBBYING TACTICS OF THREE AIRMEN BRING DEMOTIONS

Attempt To Have Congress
Favor Separate Ser-
vice Brings Axe

Washington, Feb. 17.—The official axe of the war department fell today upon three army air service officers because of their "lobbying" activities in attempting to influence congress against the administration's air program.

Two of the officers are in the regular army, the other in the reserves. The officers are Major H. A. Dargue, chief of the air service war plans division; Major H. H. Arnold, chief of the information service; and Captain Don Montgomery, reserve corps.

Dargue and Arnold will be reprimanded and black marks placed against their records. Arnold, in addition, will be sent to an outlying station. Disciplinary action also will be taken against Montgomery.

In making public the findings of the war department's investigation of the "lobbying," Maj. Gen. Mason M. Patrick, chief of air service, said the officers had "in an objectionable manner sought to influence legislation in congress."

They were accused of sending out a circular advocating a unified air service, in opposition to the Morrow board's air recommendations approved by the department.

Craven Isn't Wanted By Colonial Dames

Newbern, N. C., Feb. 17.—The Earl of Craven will not preside at the ceremony of unveiling of portrait of his ancestor, an earlier Earl of Craven, who was one of the lord proprietors of North Carolina.

The colonial dames of Newbern have decided that the earl's invitation should be withdrawn, in view of the publicity he received as a result of his relations with the Countess of Cathcart.

Anti-Lynching Valid

Columbus, Feb. 17.—State supreme court has upheld the constitutionality of the anti-lynching law which holds a county responsible for damages due to mob violence.

MOTHER AND SIX CHILDREN PERISH AS HOME BURNS

Father and Another Child
Escape But Former
Is Badly Burned

Central Bridge, N. Y., Feb. 17.—Mrs. Edmund Teal and six of her children were burned to death here early today when fire, said to have started from a defective chimney, destroyed a two story building.

The husband and oldest daughter, Catherine, escaped but Teal was badly burned.

Teal is 43 years old. In running down the stairs to summon help he fell and broke both arms. He also was badly burned and suffered from inhaling smoke.

The mother could have escaped, neighbors said, but she remained in the burning building and bravely tried to help her children. Teal said when he rushed from the house to summon help he believed his wife would follow with the children. The bodies were burned beyond recognition.

The Teal family lived on the second floor of the building, the first floor being used for a barber shop.

Neighbors were unaware of the fire until Teal ran from his home, his clothes afire, calling for help. The flames spread to other buildings, and for a time it was feared the business section of this small town would be wiped out.

Fire apparatus from Cobleskill, Howe Cave and Schoharie responded. Mrs. Teal was about 35 years of age. The children who died in the flames were: Charles, 11; Davis, 7; Ernest, 4; Sydney, 3; Elizabeth, 2; and a two months old baby.

GIRLS IN SHAME DEATHS BLAMED

San Diego, Cal., Feb. 17.—While word was awaited today as to the fate of the seven men accused of outraging Clyde and Audrey Petet, American girls who killed themselves with their parents in the hope the attacks would be avenged, a new sensation aroused American officials and citizens.

The Chamber of Commerce at San Ysidro, an American town opposite Tia Juana, sent Secretary of State Kellogg a long telegram, placing all blame for the girls' attacks and the deaths of the family on the Petets themselves.

Near Zero Wave Is Due Friday

Columbus, Feb. 17.—A near zero cold wave may hit Ohio about Friday, according to official weather forecast.

Warmer weather today is expected to be followed by rain and possibly snow Thursday.

WANTED 30 PAINTERS. CALL AT PAINTERS' LOCAL NO. 722. SALEM, OHIO, THURSDAY EVENING, FEB. 18th, 7:30 SHARP. 40h

ENGINEER RENEWS APPEAL FOR STORM WATER SEWER LINE

System Needed To Relieve
Maple-Franklin Dis-
trict, He Says

EXTEND SYSTEM LATER, HIS PLAN

French Would Build Other
Units Each Year to Com-
plete the System

For the second time in six months City Engineer B. M. French appeared before city council Tuesday night and urged consideration of a new system of storm water sewers in the city.

His recommendations were contained in a lengthy report which included estimates for a storm water sewer to relieve the situation in the Maple-Franklin district, one of the worst in the city, and a supplementary report on the cost of a sanitary sewer in Etna st.

Engineer French urges that this projected plan be taken up by the proper committees, and plans made for the financing of such a system. He recommends the system be built piece by piece so the cost will not be burden some.

French estimates the cost of the storm water sewer to relieve the Maple-Franklin district to be about \$10,000, and stated in his report that a small tax levy might cover this.

The sewer would be of 30 inch pipe, and starting on Maple st., would traverse Franklin to Etna, along the lawn strip to Grant and then in the same trench with the proposed Etna sanitary sewer to Broadway.

By placing the pipe in the sanitary sewer trench money can be saved in that method, French said.

\$1.21 Per Foot Front

The sanitary sewer, of eight inch pipe, would cost \$4,975, less the city's portion, making \$4,875.50 to the property owners, a cost per foot front of \$1.21. This will include 157 feet which R. C. Kridler has donated.

After the first unit of a storm water sewer system is built, and that district which is now harassed by water whenever it rains, is relieved, French feels that council should build other units each year or so until a complete new system is connected.

French pointed out last fall that better storm sewers will relieve a great bulk of the water which now passes through the disposal plant and which water does the beds no good, but actually harm.

On motion of Councilman Ed Kaley councilman accepted the report and placed it on file over the protest of Councilman Cliff Woods who urged it be sent to a committee at once.

This hasty action was deplored by both Kaley and Councilman Max Adler who said the matter was too big to push through.

"Well, don't let us have these plans lay around two years as was done in the past," Woods said in agreeing to Kaley's motion.

POPE TO ATTACK IMMODEST DRESS

Urges Lenten Sermons Be
Directed Against Men
As Well As Women

Rome, Feb. 17.—The pope has started a Lenten campaign against immodest dress.

The suggestion has gone forth from the vatican that during lent, sermons should be preached against the short skirts and low necks which women are wearing.

The pope's suggestion was made during a private audience, and it is understood that he urged that the sermons be directed at men as well as women.

The pope is reported to have declared that men are largely responsible for present fashions. He recalled an incident which occurred in Hungary, when a mass meeting was held to protest against women's garb. The pope said that the women answered the protest by stating that they dressed to please men.

The pope's opposition to modern fashions has long been known for the vatican regulations with regard to dress have been made strict and churches have been advised to bar entry of women who are not deemed to be properly dressed.

Wealthy 'Stranger' Will Establish Home For Orphan Children

Yonkers, Feb. 17.—John E. Andrews, the man who shuns the limelight, to ride to his office in New York on subway trains, plans to leave a large part of his \$100,000,000 fortune to establish a home for the poor and orphan children of this country.

This was made known today when Andrews celebrated his 85th birthday. William H. Taylor, son-in-law of the "millionaire stranger," announced the project and said Andrews plans to name the institution after his wife, The Julia Dyckman Memorial Home.

System's Hazardous, Inefficient, Council Is Told By Citizens

New Lighting System In Business District
And Repairs to Rest of System Urged;
Immediate Consideration Assured

Salem's street lighting system came under the calcium glare again last night in city council when a delegation of members of the Retail Merchants board suggested the erection of a new white way in the business district, and repairs to the rest of the system.

Despite the fact the city light poles, of concrete, are crumbling away, exposing metal reinforcements, which if touched, may mean death by electric shock, council in the past few years let the matter slip, and the merchants appeared last night to discuss the problem with the new council.

Walter Strain and George Bunn, spokesmen for the merchants, said the merchants are making these suggestions entirely in a way of cooperation and not of criticism or log rolling.

"Merchants hope for a new light system downtown, and possibly a small bond issue will take care of this," suggested Strain and Bunn.

They suggested the erection of the new traffic lights be delayed until council has considered what is to be done with the present light system.

System Is Hazardous

Ed F. Hauser, manager of the Salem Lighting Co., told the council that two years ago lighting engineers brought suggested plans here, which called for a system to cost about \$15,000, and said the engineers would be glad to come back and explain their plans.

"Your present system is very inefficient and hazardous and I know any lighting engineer, from any equipment house, will be glad to explain new systems to you," Hauser said.

Councilman Cliff Woods asked Mr. Bunn, chairman of the merchants committee, if the merchants have any plan in mind.

"No special plan for financing this sort of project, but we understood after a talk today with Auditor John S. M. Nutt that a small bond issue might be approved by council for such a system," Bunn explained.

Electrician Urges Action

"The system is getting worse constantly and we ought to get at it at once," commented City Electrician Lee Saunders.

Harry Young, member of the committee said reports which came in to his office show verdicts against cities in damage suits resulting from cases pertaining to light systems and the like, are on the upgrade, and that verdicts of \$25,000 to \$50,000 are not uncommon.

"Then too," said Mr. Young, "there is the human side of it. No one wants a person or child to be killed or suffer injury by this system."

Councilwoman Anna Heck declared that "we have no alternative but to repair this light system as the cost of the system would not be over one verdict in a damage suit against the city."

On motion of Councilman Max Adler the problem was turned over to the lighting committee for immediate consideration.

POLES WON'T HOLD NEW SIGNAL LIGHTS

Safer Reporting Condition
Of Light Poles Is At-
tacked by Kaley

Safety Director Ernest Schmid received the open fire, while "certain other officials" drew shafts of criticism from Councilman Ed T. Kaley on the floor of city council Tuesday night.

Safer Schmid, following a report on his activities in the past few weeks, summed it up by saying that since the contract for the new traffic signal lights had been let by the board of control he and City Electrician Lee Saunders inspected light poles to see if they will hold the lights, and the poles were found to be in very bad shape.

The director said that in some cases all that holds the poles are the wires, and that some are liable to topple over at any minute.

"Mr. Safety Director, doesn't this show a lack of foresight?" demanded Councilman Kaley.

Schmid Explains

"It looks to me like a lot of misdirected energy and funds," Kaley declared. "I'm opposed to purchasing things for a department, and then find out afterwards the purchase could not be used until another purchase was made. It looks to me as though it is a case of 'now I've got this, give me some more,' and I want to tell you, you will meet with opposition if that is what you are trying to do."

Schmid answered that Kaley did not understand his stand on the matter, and that he was not trying to get another purchase out of council.

"It's been an uphill matter to get these lights," said Schmid. "I would rather have another police officer than the lights. It has taken me about a year to get them as it is. Not only this, but I do not feel I can tell Mr. Rinehart, in whose hands the lighting system is, that he must repair his poles so I can hang my lights."

Kaley said he still felt that "something was being pulled over," and didn't like the approach to the repair of the lighting system in that manner, and he also told Schmid to "look things over good after this, and ask for enough to cover your needs."

"How much will new poles to support these lights cost?" Councilman (Continued on fourth page)

SALEM MAN HELD ON FELONY CHARGE

Braddock Charge Is Filed
Against Man Just Out
Of Other Trouble

Charged with entering a building and committing a felony in North Braddock, Pa., Marshall G. Wood, living at a rooming house on Depot st., was arrested Wednesday morning by Patrolman Paul Heckert who lodged Wood in city jail pending arrival of Braddock detectives.

Wood waived extradition on the charge and agreed to go back at once to face Edward F. Cassidy, justice of the peace in Braddock, before whom the charge was made.

In the warrant received from Justice Cassidy, the man making the charge is listed as Thomas S. Paulson, who is a gasoline station operator there.

Though no specific place is named in the warrant, it is believed the charge is that Wood entered Paulson's gas station.

Wood was in jail here last week on a charge filed by a Salem store, and just got out of it Sunday. He admitted he picked up an endorsed pay check, belonging to another roomer in the same house, cashed it at a Main st. store, buying several articles with it.

The young man came here from Elwood City, Pa., and has been working at the Mullins Body corporation since then. It is believed he fled from Braddock to Elwood City and then came to Ohio, thinking he was safe.

Crew of Tugboat Is Saved In Collision

New York, Feb. 17.—The entire crew of tugboat, No. 6, of the New York Marine company, which was rammed and sunk in the lower East river today by the passenger steamer, New Hampshire, was rescued by Harbor Craft.

Probe Hotel Fire

Warren, Feb. 17.—State fire marshals were on the job here today investigating the mystery surrounding the burning of the Waldo hotel. Michael Cortez, proprietor, and others, are under arrest.

SCHOOL DEBATERS GO TO CARROLLTON

Affirmative Team Debates
Separate Branches of
National Defense

Salem High school debaters will swing into action for the second time this year when the affirmative team meets the Carrollton team at Carrollton Friday night.

This is expected to be one of the best debates of the year as Salem is great difficulty in defeating the Carrollton team here. The team has spent a great deal of time and effort in preparation to bring home a victory for Salem High.

Salem High affirmative team is one of the best that ever represented the school. The team is composed of six juniors and one senior. The debaters are: first speaker, Max Caplan; second speaker, Clara Peterson; third speaker, Joe Marshall, who is also captain of the affirmative squad; a fourth, Viola Stancu.

The question for debate is "Resolved, That the army, navy and air service should be organized as separate branches of one department of national defense."

MORE EXEMPTIONS

The tax reduction bill as approved by the senate cuts the tax revenue about 126,000,000 a year below the \$330,000,000 regarded by Secretary Mellon as safe from the treasury standpoint. Of course these figures are estimates and may be considerably at variance with the actuality, though probably Mr. Mellon is as good a judge as anyone. It may be that the expected improvement in business, due to the drastic cut in the high surtaxes, will result in larger incomes and therefore larger tax revenue from incomes than anticipated. It is virtually certain that the conference committee will agree promptly upon a compromise measure, perhaps providing for a total estimated reduction of \$400,000,000 or a little less in revenue. It is probably a good guess that inheritance and automobile taxes favored by the house will be restored and that the senate's reduction of surtaxes in the so-called middle brackets will stand.

What is really the worst feature of a fairly good bill is not in dispute at all. The measure provides for the exemption from taxation of single persons having incomes up to \$2500 and of heads of families having incomes up to \$3500, with an additional exemption of \$400 for each dependent child. Thus about 2,500,000 persons now liable to the income tax are relieved of that liability. It may be good vote-getting politics but it is bad vote-getting politics to exempt all these persons from paying a share, directly, of the tax revenue. Every citizen whose income is large enough to make it pay to collect a tax on it ought to be liable to income taxation as long as anybody is. He pays his tax anyway, indirectly, but it would be better that he should pay it directly, realize it and know how much he contributes toward meeting the public obligations. Then the tendency would be to give him a keener interest in public economy and to make him a more alert citizen, more insistent upon the right management of public affairs.

RADIO PIRACY

"Piracy" of wave lengths is likely to become frequent if Station WJAZ of Chicago should be upheld by the court in its defiance of Department of Commerce regulations. Department officials already see a score of stations in the offing ready to pounce on the ether regardless of traffic control. WJAZ's challenge of authority is outright. It wanted a new wave length and was told by Washington that none was available; so it proceeded to take one assigned to and used by Canadian stations. This action is a breach of international courtesy, which has been reciprocal between the United States and Canada. In the official view it is a piece of freebooting, but the Chicago corporation calls it freedom of the air.

The power of the Secretary of Commerce under the act of 1912, is thus directly questioned. Mr. Hoover has had the hearty support of the radio industry, as evidenced at four annual radio conferences, in his regulation of broadcasting to prevent intolerable congestion and interference. The industry, in fact, has been disposed to encourage him in a stricter control than he has been willing to exercise. If judicial decision should tie his hands in the matter of licensing and operation, opening the way to a scramble for wave lengths, there would be for a time pandemonium. Without any sort of radio policing radio listeners would soon find clear reception impossible.

The old law may have sharper teeth than WJAZ believes, but the rebellion of that station emphasizes the need of new legislation to cover definitely the field of broadcasting. The White bill now in committee gives the Secretary of Commerce adequate but not a complete control of the construction, licensing and operation of broadcasting stations. It leaves no loophole for "piracy". Fair regulation is provided for, with the right of appeal assured to complainants who feel that they are not getting a

square deal. There must be a centralized national control of radio equivalent to that which Mr. Hoover has been exercising by virtue of his office and by moral suasion. It must be based solidly on an act of congress that leaves no room for dispute as to the extent of the authority delegated.

This Premier's Lot

Resignation of M. Poullet, Belgian premier, is expected shortly. So great is his unpopularity with the people that he is hissed wherever he goes.

TRY THE SALEM NEWS

Questions And Answers

By FREDERIC J. HASKIN

Q. Which horse was the leading horse in 1925? L. D.

A. American Flag, three year old son of Man of War, is by most sportsmen considered the King of the Turf. He won every race in which he was entered during the season.

Q. Who is the president of the Lamps club? G. R.

A. The sheppard of the Lamps is Thomas Meighan.

Q. Where is Linenopolis? L. C.

A. The name is often given to Belfast, Ireland, because it is the center of the Irish linen trade.

Q. Is Florida larger than New York? W. A. W.

A. It is larger than New York and Massachusetts together. Georgia is the only state east of the Mississippi that is larger than Florida.

Q. During the season, may wild ducks be shot after sunset? P. S.

A. It is contrary to the provisions of the migratory bird treaty act. A fine of \$500 was assessed for such an offense during the past season.

Q. Is an oil well big enough for a man to go down inside it? R. M.

A. An oil well that is being dug to any considerable depth usually has a 20 inch casing in the upper part and a small, slender man could get down in one of that size.

Q. Is there a variety of wandering Jew that blossoms? E. H. B.

A. The Bureau of Plant Industry says that the flowerin' Jew is not a definite variety, but that it is an individual difference of the same plant.

Q. Were the state constitutions modeled after the federal constitution? C. B.

A. The states in existence at the time of the drafting of the constitution of the United States had constitutions of their own and it was upon these that the federal one was patterned. The states developed their documents from colonial charters which in turn were modeled upon the charters of mercantile companies of the 15th and 16th centuries. Massachusetts is the only state which retains the constitution framed at that period, but it has been revised and amended. All the states, however, in their modern constitutions retain many of the principles and much of the framework of the older documents.

Q. How should a drinking glass and a coffee cup be held? K. C. L.

A. A drinking glass is held a little below the center between the thumb and first two fingers. The handle of a coffee cup is grasped by the thumb and first two fingers, the third and fourth being bent toward the palm.

Q. In reading modern Roumanian history I find Carmen Sylva called "mama raniizer." What does this mean? D. A. R.

A. The title means "mother of the wounded." You will also find it applied to Queen Marie.

Q. What was the real name of Roosevelt's Rough Riders? B. H.

A. Roosevelt was lieutenant colonel with the First United States Volunteer Cavalry which was com-

McArtor

When Sandusky
Started Laying Concrete
Street Pavement

How many street pavements can you think of that were put down in 1914 and are still in excellent condition?

J. M. Eakin, City Engineer of Sandusky, can tell you of some. And they are paved with concrete. He says:

"Our first concrete pavement was constructed in 1914—on Scott and Fifth Streets. The results have been so satisfactory that we have 115,000 square yards of concrete paved streets today. All of this is highly satisfactory, to property owners and to the city.

"We have had practically no maintenance on our concrete streets. That is why we build more each year. We have just completed nine more streets."

In addition, concrete paving has made all Sandusky more attractive, by its smart, clean appearance. It has reduced traffic mishaps because of its rut-free, skid-proof surface.

Twelve years of these benefits! And practically no maintenance.

How about your city?

All of the facts are in our free booklet on "Concrete Streets." Ask for your copy.

Predicts 50 Miles for Five Cents in New Diesel Oil Engine Autos

I. H. Morrison, official of American Society of Mechanical Engineers, predicts that within 10 years oil-burning autos, equipped with Diesel engines, will be common, motorists being able to ride 50 miles on a gallon of fuel oil at a cost of five cents. Photo shows a German type of Diesel used in motor-trucks. Engineers of Worthington Pump and Machinery Corp., have developed an improved type which has no spark plugs, ignition system or carburetor, capable of running on oil distilled from coal.

BISHOP OPPOSED TO SURVIVAL OF SOCIAL UNFIT

London, Feb. 17.—Wide attention was given today to the bitter controversy over birth control, was being given today to the daring address delivered by Bishop E. W. Barnes of Birmingham, before the Eugenics Society, in which he advocated repression, methods in order to prevent the survival of the socially unfit.

"Strong arguments can be brought forth for the sterilization of mental defectives," Barnes asserted. "The feeble minded are disastrously prolific and this must be of the gravest concern to every religious man and woman."

The bishop said that the harsh conditions of the last century automatically willed out the defective but civilization was now protecting them. He admitted that Christian religious sentiment opposed sterilization but predicted that this opposition would not be permanent.

"Defectives," he continued, "may have some descendants of social value but it is demonstrable that the average caliber of descendants from this stock is below normal. When they breed freely they are an impediment to what Christians term the Kingdom of God on earth. Prevention of the survival of the socially unfit is in accordance with God's plan for humanity."

Dancing to Paradise

It is the belief of the Pompanos, a tribe of South Sea Islanders, that unless you are a good dancer you will never go to heaven!

According to their creed, every soul passing to the "Great Beyond" is obliged to cross a bridge guarded by demoniacal watchmen, waiting to pounce upon him and draw him down to the lower regions.

If, however, the soul is able to dance across the bridge the watchmen will be so engrossed in studying the movements that they will forget their duty and, before they have time to realize it, the soul will slip past them into paradise!

The Welsh pony, one of the best breeds in the world, is said to have inherited its fine shape and staying qualities from horses left behind by the Romans when they abandoned Britain.

BUTTON AT WHITE HOUSE SOLID GOLD

President Uses Famous Key When He Sets Big Conventions Going

Washington, Feb. 17.—Newspaper dispatches have woven so much fancy around the little "button" that the president pushes when he sets big conventions and expositions in motion, hundreds of miles away, that out of town sightseers to the White House have demanded open inspection of the proverbial object.

They have revealed that the "button" is a telegraph key—but a mighty splendid telegraph key. Except for the point of contact, the entire instrument is solid gold, mounted on a slab of Alaskan marble and studded with a score of bold nuggets—the first that came out of the Koudike when gold was struck there.

This famous instrument has served since 1909 as the presidential point of electrical contact when the "starts things going."

The key was presented to President Taft by George W. Carmack, discoverer of gold in Alaska, and was originally used to open the famous Alaska-Yukon-Pacific exposition at Seattle, June 1, 1909. This ceremony was performed in the East room of the White House before one of the most distinguished audiences ever assembled there.

Four presidents and as many first ladies of the land have since used the key, in opening some of the epoch-making events of the last 15 years.

Edward Smithers, chief telegrapher of the White House, is the guardian of the instrument, having been given it by President Taft. Whenever there is an important "button pushing" at the White House Smithers uncovers the key and lends it for service.

The most famous incident in which the key has served was that on Oct. 10, 1913, when President Wilson, touching it in the East room of the White House, blew up the Gambia dyke of the Panama Canal virtually completing the ten years' work of American engineers in making the first ship connection between the Atlantic and the Pacific.

Used by Wilson
Only President Wilson and Smithers were present on this occasion, amidst the tremendous significance of the event throughout the world.

A year and a half later, on Jan. 1, 1915, President Wilson arose from bed at 3 o'clock in the morning, went down stairs alone, and pressed the golden key to open the Panama-Pacific exposition in San Diego, two

months later, on Feb. 20, 1915, he opened the Panama-Pacific exposition in the same manner.

The most notable part of the key has played since was on Sept. 27, 1929, when President Coolidge opened the Skagit Hydro Electric plant at Seattle.

Mrs. Coolidge has used the key several times, twice during the past year—to open the Women's World Fair in Chicago on April 18, 1929 and to open the charity bazaar of the Lenox Neighborhood Association at Grand Central Palace, New York, on Dec. 12.

Daily Fashion Note

The new color combinations for spring are most interesting. This dress is carried out in beige and navy blue Crepe de Chine, featuring the face below the hips and long flowing sleeves. New and smart are the patch pockets of self-material, though they may be omitted if preferred. The round neck may be finished with a bias fold and a finishing. Medium size requires 4 yards of 36-inch light and 2 1/2 yards dark material.
Pictorial Review Printed. Pattern No. 2982. Sizes, 14 to 18 years and 34 to 44 inches bust. Price 45 cents.

SOCIETY

Luther League Party
Thirty-six guests attended the Valentine party which was held at the English Lutheran church Tuesday evening by the members of the Luther league. Valentine's hearts, cupid and arrows made the room very attractive and a valentine box was an enjoyable feature. Various games furnished entertainment and a lunch was served at a table which was cleverly decorated in valentine appointments.

During the business session which preceded the party it was decided to send Miss Mertie Ross to the convention of the Ohio Synod, which will be held in Kent on Feb. 22.

Masonic Dance
A delightful social function of Tuesday evening was the dance given by the 1926 social committee of Perry lodge, No. 185, F. & A. M., at the Masonic temple, for which Cave's orchestra of Sharon, Pa., played the dance program.

About 75 couples participated in this event, including guests from Cleveland, Youngstown, Lisbon, Alliance, Sebring, Leontia and Columbiana.

This was the first of a series of five dances planned by the committee and the next one will be on March 4. Guest night will be observed at that time and the program will include novelty dances.

K. of C. Party
Numbered among the enjoyable social events of Tuesday evening was the benefit party given by Salem council No. 1518, Knights of Columbus, at the Memorial building for the benefit of St. Paul's Catholic church. About 100 couples were interested in the event and some of the guests came from Leontia and Lisbon. Hundertmark's orchestra played the dance program, which included old and new dances, and progressive euchre entertained.

Prizes in the games were won by Mrs. Martin Kaley, Mrs. John Ertz, Lawrence Haessly, George Kirt, May Hagen and Wallace Sheehan.

Gilbert Auxiliary
A pageant, "The Book and the Candle" given by several of the members was a feature of a meeting of the Gilbert auxiliary of the Presbyterian church Tuesday evening at the church. Twenty-seven members were present. These officers were elected for the ensuing year: President, Mrs. Oliver Ashard; vice president, Mrs. Ford Dilworth; secretary, Miss Erma Hutcheson; treasurer, Mrs. Lee Vincent. Miss Esther Miller, Miss Beale Godward and Mrs. Alfred Jones were the associate hostesses and a delicious lunch was served at the social period.

Travelers Club
Three splendid papers composed the program at a meeting of the Travelers club Tuesday afternoon at the Memorial building. Here they are: "Florence and Milan," Mrs. L. Frank Smith; "Genoa and a Trip to the Italian Lakes," Miss Jones; "Side Trip to Nice and Monaco," Mrs. Anna Sapp.

Mrs. R. E. Smucker is chairman of the committee in charge of the program for next week. It is announced that it will be "out of the ordinary" and all members are asked to be present.

Bridge Club Meets
Mr. and Mrs. Wilbur Haffley were hosts to their bridge club associates Monday evening at their home, North Lundy st. The prize for high score in the games was captured by Mr. and Mrs. Lawrence Sharp. A delicious lunch was served by the hostess at the conclusion of the games. The next meeting of the members will be in one month.

Farr Class
On Tuesday evening members of the Farr class of the Christian church and their families gathered at the church for a social time. A covered dish supper of valentine appointments was enjoyed, following which games furnished amusement. The next meeting of the class will be on the third Tuesday in March.

Miss Grubbs Hostess
Miss Elizabeth Grubbs extended hospitality to a group of friends Tuesday evening when she entertained them at a steak supper at her home, Cleveland ave. The appointments were in keeping with the valentine season. The after supper hours were devoted to playing bridge.

Benefit Social
The Daughters of Veterans have completed plans for a benefit social to be given on Monday evening, Feb. 22, at the G. A. R. hall. There will be a program and refreshments will be served. All patriotic orders as well as the public are cordially invited to attend.

Marriage Licenses
A marriage license has been issued to Byron Bruce Lewis, druggist, of Lisbon, and Miss Jeannette Rowan Gibbs, a nurse, and daughter of Mr. and Mrs. Elihu Gibbs of Salem. They were married by Dr. E. S. Collier Wednesday afternoon.

Girls Wesleyan Class
The Girls Wesleyan class of the M. E. church will hold a meeting Thursday evening at the home of Mrs. R. W. Broomall, 172 Jennings ave.

Miss Doris Chandler, girls' recreational director at the Memorial building was ill Wednesday and was not able to be at her office.

Mrs. Lena Moff, who is ill at the home of her daughter Mrs. Alonzo Farmer, Woodland ave., is reported to be improved.

Mr. and Mrs. W. E. Bane of Cleveland ave. have gone to Schenerville, where they will visit for a few days.

Martha Lang Circle
A missionary spelling bee with Miss Alta Whinnery in charge added interest at a meeting of the Martha Lang circle of the First Baptist church Tuesday evening at the church.

At this time plans were made for the annual banquet at the March meeting. Officers will be elected at time time.

M. E. Choir
The choir of the M. E. church held its monthly meeting Tuesday evening at the church. At the social period games were played and a lunch was served by a committee composed of B. H. Calkins and Jacob L. Culp.

DELAY DECISION IN EXPULSION OF COUNTESS VERA

Washington, Feb. 17.—The status of Vera, the attractive Countess of Cathcart, appeared extremely uncertain today, while harassed officials of the department of labor continued to wrestle with the problem of whether to ship her back to England as an "undesirable" or admit her to the United States.

Bombarded with protests against her exclusion from feminist organizations, and threatened with lengthy litigation to determine their powers of exclusion, the authorities seemed unwilling today to promulgate the final decision which they intimated yesterday was in the nature of a routine performance.

Having postponed his departure to Florida, Secretary of Labor Davis was at his desk early this morning, with the papers in the case before him. He said a decision might be forthcoming any time or it might be postponed until Saturday, when the next Cunard liner is due to leave for England with the countess as a possible passenger.

CRABBE ASKS AID OF GOVERNOR IN GAMBLING FIGHT

Columbus, Feb. 17.—Governor Donahey is flatly opposed to gambling in connection with horse racing, or in any other form.

He believes, however, that efforts to stop gambling during race meets at Ohio tracks can be adequately made by local officials and that the situation for the present at least does not necessitate action by the governor.

This statement was made at the governor's office early this afternoon following a conference between Governor Donahey and Attorney General Crabbe.

FLOOD STAGE IS RIVER WARNING

Pittsburg, Feb. 17.—Heavy rains are expected in western Pennsylvania late tonight and tomorrow, which might cause the rivers to reach a near-flood stage, the U. S. weather bureau warned today.

The forecaster said there is an average of six to eight inches of snow at the headwaters of the Allegheny and Monongahela rivers, which would be melted by the rain.

Colder weather will follow the rain-storm, it was said.

Wet Asks Probe of Effects of Dry Law

Washington, Feb. 17.—An appropriation of \$100,000 would be provided for an investigation by a special commission of seven of the "social and moral effects" of prohibition, under a resolution introduced in the house today by Rep. Celler (D., N. Y.), a wet.

The commission would be named by the president, who would be required to appoint at least two women to it.

Coolidge Suffers From Severe Cold

Washington, Feb. 17.—President Coolidge is suffering from a heavy cold.

While his indisposition is not considered serious it was said to be sufficiently annoying for him to cancel all engagements and remain in the White House proper today.

The president was at his desk only long enough this morning to dispose of a few pressing matters. Then he retired to the mansion.

Move First Car of Coal Since Strike

Pittsburg, Pa., Feb. 17.—The first car of anthracite coal mined since the strike is on its way to New York from the colliery of the Harris Donby Coal company, on the mountain side in Exeter, according to railroad men.

The car bore a large placard announcing that it was the first car of hard coal of the region and was shipped via the Lehigh Valley railroad.

CONDENSED NEWS OF THE DAY

Columbus, Feb. 17.—Physicians at Mount Carmel hospital today were trying to save the life of Guy R. Winegarner, chief deputy of the Franklin county election board. Winegarner was cleaning his revolver Tuesday when he was accidentally shot. Narrowly missing his heart, the bullet passed completely through his body after puncturing his left lung.

New York, Feb. 17.—Insurance companies in New York have combined assets far in excess of those of the banks of the city, according to James A. Beha, state superintendent of insurance. He said that the annual premium income of all insurance companies here exceeded four billion dollars.

New York, Feb. 17.—Five persons were injured, one seriously, when an explosion blew out the front of a five-story loft building from street level to the second story, destroying all exits.

Ash Island, Me., Feb. 17.—Torpedoed twice during the World war, Eric Haggard, 35, a sailor, was drowned when his lobster craft capsized near here.

Camden, N. J., Feb. 17.—Mrs. Mary Becker, 35, of Audubon, N. J., has been granted a divorce because she testified her husband had not kissed her since June, 1923.

Columbus, Feb. 17.—Claiming his wife was extremely cruel because she "pestered" him "almost continuously" for his property and repeatedly threatened to harm him, Daniel S. Wilder, 81, former city councilman, has filed suit for divorce from Janet Wilder, 59. They were married last April.

Columbus, Feb. 17.—"New leads" were expected to be developed today in connection with the joint investigation being made by Attorney General Crabbe and State Auditor Tracey relative to charges of irregularities in the letting of contracts for concessions at last year's state fair here. The probe, it was intimated, may extend to other state departments.

SANDERS DENIES HALTING PLAN TO HONOR MITCHELL

Washington, Feb. 17.—A formal denial was made today by Everett Sanders, secretary to the president, that he "or any other" personage connected with the White House was responsible for the cancellation of the Union League's plans to entertain Ex-Col. Wm. Mitchell in Detroit.

The Detroit Union League club is a Republican organization, and according to a story printed in a Washington newspaper this morning was to have honored Col. Mitchell with a dinner in connection with his forthcoming visit there to lecture on the air service.

The story said the plans were cancelled after Sanders had "used rough and ready words over the long distance telephone to the club's committee."

Sanders denied having anything to do with the matter.

School Segregation Unlawful Is Ruling

Columbus, Feb. 17.—Ohio school boards have no legal right to segregate white and negro pupils in the public schools.

This is the ruling of the state supreme court which nullified the action of the Dayton board of education in separating white and negro pupils at the Garfield school, Dayton.

Marine Corps Needs Second Lieutenants

Washington, Feb. 17.—The Marine corps today asked the army to help it secure 22 second lieutenants. The Marines' eligible list has been exhausted.

The army will attempt to find the new lieutenants in college and university R. O. T. C. units.

POLES WON'T

Continued from First page

William Probert inquired of Schmid, "That I cannot tell you off hand," answered the director.

The lights will not go up until the question is threshed out, and new poles secured, it was indicated.

Councilman Kaley next tossed his bombs in another direction later in the meeting, when during criticism of his fellow members for not acting on his recent suggestion that a new filing cabinet be bought for the engineer's office, he served notice that "a few city officials who have been running things in the past are going to find the situation changed in the future."

Assails Others
Newspapermen after the meeting were given to understand the implication in Kaley's statement was that President Augustine's manner of treating motions and other business was becoming distasteful to Kaley.

Kaley would not enter a on his statement, but indicated he will or the floor of council later if the necessity arises.

Kaley, in the matter of the filing cabinet rapped council for that following his suggestion, but Councilman Baker explained to him there is no appropriation for this first half of the year and that it will be included in the July appropriation.

PROBE PURCHASES FOR STATE ROADS

Crabbe and Tracey Open Investigation of Highway Equipment Costs

Columbus, Feb. 17.—Investigation of circumstances surrounding the purchase of equipment by the state highway department last year at an approximate total cost of \$1,642,000 has been started by Attorney General Crabbe and State Auditor Tracey. It was announced today.

The announcement was made following a conference between Crabbe, Tracey and a local representative of a "citizens league" which it was stated, has been probing purchases by the highway department.

Details concerning the investigation were not made public.

Pending arrival of other witnesses who are out of the city, Crabbe and Tracey today temporarily suspended the open hearings in connection with their joint investigation of charges of irregularities relative to the letting of concession contracts for last year's state fair.

BELIEVE GIRL, 17, IS HELD CAPTIVE; MISSING 5 DAYS

Cincinnati, Feb. 17.—Believed a captive somewhere in Cincinnati, Elizabeth Schweder, 17, St. Bernard had not returned to her home Wednesday, the fifth day since her disappearance.

Two anonymous phone messages from her supposed abductors were received Tuesday night by parents. The voice was taunting.

The man gave a name and address which, investigation showed were fictitious.

A few minutes later a second call was received, but ended abruptly amidst a sound of scuffling.

The girl has not been seen since leaving for work Saturday.

SEEK TO LIMIT INVESTIGATIONS BY THE SENATE

Washington, Feb. 17.—A move to check the long series of investigations that have swept through the senate in recent years, was taken today when a caucus of Republican senators recommended adoption of a new rule intended to reduce the number of inquiries.

The rule would compel the reference to a standing committee of all resolutions proposing a senatorial investigation. The committee then would be empowered to enlarge or reduce the scope of the proposed inquiry and to place restrictions upon it.

QUIZ OFFICIALS IN BOOZE PROBE

Cleveland, Feb. 17.—The questioning of railroad officials and employees who have been summoned here from all parts of the Middle West in an effort to trace shipments of alcohol marked today's session of the federal grand jury in the probe of the rum running bills of lading showing consignments of alcohol by railroad lots to and from Cleveland were being of record.

Elmer L. Ives, head of the intelligence unit of the justice department of Washington arrived this morning. Meanwhile warrants for about 50 persons were in the hands of federal agents, having been issued last week.

Navy Air Building Budget Is Reduced

Washington, Feb. 17.—An \$85,000,000 five-year building program for the navy air service was approved today by the house naval affairs committee. This is a considerable cut from the total sought by the navy.

The plan calls for 1,000 new planes and two dirigibles, both three times the size of the Shenandoah.

Dry Agents Start Youngstown Raids

Youngstown, Feb. 17.—Chief of Police Redwin Powell has appealed to the federal government to assist him in ridding this city of 300 bootleggers. Dry agents sent here staged the first of a series of raids last night and this morning.

Falls On Stove

Cleveland, Feb. 17.—As the result of falling on the stove in her kitchen, igniting her clothing, Mrs. Shelley Gibbs, 29, was in City hospital today with painful burns.

Will Pave Waterford To Columbiana Road

A resolution declaring intent to improve the Columbiana-New Waterford road in Fairfield and Unity townships has been passed by the county commissioners, this being the direct road between these two communities, and which will form a direct connecting link with the new East Liverpool-Youngstown road north of Middletown. It is the intention of the commissioners to put this improvement through this summer, as the road is a part of the program as was outlined previous to the passage of the \$950,000 bond issue last fall.

WORLD FLIERS TO LEAD POLAR TRIP

Lieuts. Leigh and Wade Re-
sign From Army To Head
University Flight

Washington, Feb. 17.—Announce-
ment that Lieuts. Leigh Wade and
H. H. Oden, two of the round-the-
world fliers, will leave the army
world fliers, to lead a new polar flight
air service to lead a new polar flight
caused little surprise here today.
The resignations of the men will
be accepted, it was said.
The new polar expedition being
organized by the fliers will be known
as the American University Alumni
expedition, according to the announce-
ment, and will be backed financially
by wealthy alumni from a number of
colleges and universities.
The resignations of Wade and Oden
will leave only three of the
round-the-world fliers still in the
service.
Wade's announcement said he was
leaving because there was "nothing
in the army for him."
This attitude has been reflected in
other resignations of younger fliers,
and is attributed in no small degree to
the fliers' dissatisfaction with the
promotion system in the air service.
Col. Wm. Mitchell heavily emphasized
this aspect of the service in his as-
sault on war department policies.

Markets

MARKET IS IRREGULAR
New York, Feb. 17.—The stock mar-
ket was irregular at the opening to-
day, with industrial stocks slightly
higher, steel stocks steady, rails firm
and specialty stocks inactive.
Atlantic Coast Line led the rails,
with a 2 point gain at 227. Allied
Chemical was up 1/4 at 133 1/2; General
Electric and United States Steel up
1/2; DuPont down 1/2 at 103; Cal-
ifornia Petroleum up 1/4 at 35 1/2;
Phillips Petroleum, Pacific Oil, Sin-
clair and Standard Oil of California
fractionally higher; Consolidated Gas
up 1/2 at 101; Baldwin Locomotive
stepped at 111 1/2.
Stocks of the Public Utility com-
panies were the leaders in a moder-
ate advance in prices. Professional
selling pressure was confined to a
few of the high priced industrials, in-
cluding Baldwin Locomotive, which
declined to a new low for the year
at 103. The market is sluggish,
other sections of the speculative list
with independent oils and a few of
the rails inclined to slightly higher
prices.
Consolidated Gas resumed its
position at the head of the public uti-
lity stocks and reached a record high
price of 103, with Brooklyn Union
Gas, Standard Gas & Electric and
Philadelphia company advanced near
2 points.
The balance of the market was
comparatively dull and inactive. Mot-
ors sold slightly higher, steel and
copper stocks were irregular. Call
money 1/4 per cent.

CLEVELAND LIVESTOCK
Cleveland, Feb. 17.—Cattle—Re-
ceipts 200, market steady. Choice fat
steers \$10.00, good to choice butcher
steers \$9.50, fair to good butcher
steers \$7.00, good to choice heifers
\$8.00, good to choice butcher bulls
\$6.50, good to choice cows \$5.50,
\$6.50, fair to good cows \$4.50, com-
mon cows \$3.00. Calves—Receipts 200,
market steady. Good to choice veal
calves \$10.00 to \$12.50.
Sheep and Lambs—Receipts 500,
market steady. Good to choice lambs
\$12.00, fair to good \$12.00, good
to choice wethers \$9.00, good to
choice ewes \$7.00, mixed ewes and
wethers \$7.00, culls and common \$3.00
to \$6.00.
Hogs—Market 50-75c lower. York-
ers \$12.50, mixed \$12, heavies \$11.75
@12, mediums \$12 to \$12.50, pigs \$13.50.

PITTSBURGH LIVESTOCK
Pittsburgh, Feb. 17.—Cattle—Sun-
day market steady. Choice \$9.75 @
10, prime \$9.50 @ 9.75, good \$9.50 @
9.75, city butchers \$8.75 @ 9.25, fair
\$8.50, common \$6.25 @ 7, common to
good fat bulls \$5.75 @ 7, common to
good fat cows \$3.25 @ 7.75, heifers \$6.50 @
7.75, fresh cows and springers \$5.00
@ \$10.00. Veal calves, receipts 50;
market steady at \$16.
Sheep and Lambs—Supply 600 mar-
ket lower to steady. Good \$10, lambs
\$14.
Hogs—Receipts 2000, market slow
and heavy. Prime heavy hogs \$12 @
12.25, heavy mixed \$12.50 @ 12.90, me-
diums \$12.50 @ 12.75, heavy yorkers
\$12.75 @ 13, light yorkers \$13.75 @ 14,
pigs \$12.75 @ 14, roughs \$10 @ 11.50,
stags \$8 @ 7.

CHICAGO GRAINS
Chicago, Feb. 17.—Grains contin-
ued mostly lower. Wheat starting 1/2
to 3/4 lower, corn down 1/4 to 3/8 and
oats lower. Quotations: Prices—
Wheat, No. 1 hard, 164 1/2 @ 165; old
147; July 147 1/2 @ 148 1/2; Sent, 141 1/2;
Corn, May 75 1/2; July 82 @ 82 1/2;
Sept 83 1/2;
Oats, May 41 1/2; July 41 1/2.

ADLER
Continued from first page
of members of council and provid-
ing chairs for visitors.
"Rushart is going to paint up the
waterworks, erect a big sign on it
advertising Salem's waterworks, and
he's going to motorize the service de-
partment all in the near future, and
I think he needs some praise in this
world," Adler added.
Qua a little discussion came up
concerning the new custom of invit-
ing certain organizations to meetings
it followed the motion of Adler that
the Chamber of Commerce and Re-
tail Merchants board be invited to
come to the next meeting.
President Augustino and Council
men Stratton said they understood
everyone has a standing invitation to
attend meetings.
Favoring Special Invitations
Councilman Woods remarked that

he favored Adler's special invitations
"so if they don't come up and tell
us their plans when we invite them,
and then come in some time later and
expect us to act then, and we turn
them down, they can have no kick."
Adler urged the organizations invited
to come when asked so "council can
hear as soon as possible their plans
for a better Salem."
On motion of Councilman Baker the
society granted Solicitor Scott per-
mission to retain outside legal coun-
sel for adding in fight on the 21 cases
against the city for damages as the
result of the typhoid fever epidemic.
Council approved the appointment
by Mayor George E. Russell of Lee
Lanpher to be a member of the board
of health.
Councilman Adler wanted to know
how much insurance there is on City
Hall and everything in it, and Serv-
ice Director Rinehart, custodian of
the building, was ordered to report on
this at the next meeting.

MINE EXPLOSION KILLS SEVEN MEN

Central City, Ky., Feb. 17.—Seven
men are dead as the result of the
explosion of a "solid" shot in the
Nelson Creek Coal Company mine
near here.
Three men were killed outright,
four would-be rescuers were fatally
gassed when they entered the shaft
and six others still are suffering from
the effects of the fumes.

Variety of News In Brief Form

Montreal, Feb. 17.—Except for
dodging a horde of newspaper report-
ers the Earl of Craven is leading a
lonesome life here. His lordship who
fled here from the U. S. A. to escape
possible deportation, finds that all
his wealthy friends are "out of town."

Canton, O., Feb. 17.—Alfred
Gannon, 21, son of Mr. and Mrs.
Martin Gannon of Massillon, was
dead today of carbon monoxide
gas poisoning. He was found dead
in his garage behind the wheel of
the car by his mother. The engine
was running.

Cleveland, Feb. 17.—An average of
\$55 was spent in Cleveland by each of
the 73,000 delegates attending 201 con-
ventions here in 1925, according to
the Chamber of Commerce convention
bureau.

Berlin, Germany, Feb. 17.—A
state of siege exists in Rumania
and troops have been called out to
maintain order, as the result of
election riots following Sunday's
elections. One officer and 24 sol-
diers were reported wounded in
clash with students at Bucharest.

BODY IS FOUND NEAR RAVENNA; BLAME VENDETTA

Akron, Feb. 17.—An Italian ven-
detta is seen by police here today in
the murder Monday night of a North
Side barber, has been identified as
Joseph Buongiorno, 75, married and
father of two children.
His body with bullet and knife
wounds in the throat and head was
found by a farmer Tuesday morning
in the road at Sufield Center, near
Ravenna. It was identified by a
"bus'n. Guido Onofrio, who admitted
the possibility of a vendetta.
A shield was tattooed on the man's
wrist bearing the letters "S. M. A."
"S. M. A." This, Guido said, stood for
a secret society but he would not dis-
cuss it.
Buongiorno had been stabbed in
the ear a peculiar circumstance
which is believed to be the mark of
some vengeful organization. His
throat was slashed from ear to ear
but the coroner clamped death ensued
from the bullet wounds. He had a
prosperous barber business.

ROBITUARY

Mrs. Mollie Asche
Word has been received here of
the death of Mrs. Mollie Asche, wife
of William Asche, which occurred
Wednesday afternoon at their home
Pittsburg. A paralytic stroke was
the cause of her death.
Mrs. Asche was formerly Miss Mol-
lie Smith of this city, and the sister
of Howard W. Smith of South Lundy
st., who was with her at the time of
her death.
The funeral service will be held
Thursday afternoon at the home,
1910 Charles st. North Side, Pittsburg.
Pa. Burial will be in that city.

Illinois Governor Faces an Ouster

Ouster proceedings directed against Len Small, governor of Illinois, are planned, following a decision by state supreme court that he must pay \$1,000,000 interest allegedly withheld by him when he was state treasurer. Voters returned him to office last year after the charges had been made. Small continues to deny the allegations.

In Trouble

CHARLES PONZI

Charles Ponzi, Boston finance "wizard" who served a prison term after his dream of millions burst in 1920, has been indicted in Jacksonville, Fla., in connection with his recent real estate operations in that city.

Raw silk shipments from Japan are increasing, nearly 50,000,000 pounds being shipped to other countries in one month recently.

Nerves All Unstrung?

Salem Folks Should Find the Cause and Correct It.

Are you all worn out? Feel tired, nervous, half sick? Do you have a constant headache, sharp twinges of pain too, with dizzy spells and annoying urinary disorders? Then there's cause for worry and more cause to give your weakened kidneys prompt help. Use Doan's Pills—a stimulant diuretic to the kidneys.

Salem folks recommend Doan's for just such troubles.

Mrs. J. Dobson, 16 West Dry st., Salem, says: "I had those sharp pains in my back that nearly put me off my feet. It was more than I could manage to do my housework. I often got dizzy and had to stop for awhile and rest. I was tired and nervous before the day began. My kidneys were weak and when I saw Doan's Pills advertised, I got some. Two boxes put my kidneys in condition and the other troubles left."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Pills—the same that Mrs. Dobson had. Foster-Milburn Co., Mfrs., Buffalo, N. Y. Adv

FORD ASKED TO DIRECT PRISON RELIEF SOCIETY

Washington, Feb. 17.—Henry Ford, into whose mail pouch a daily gamut of requests for philanthropic support, will be asked to penetrate the life work of E. E. Dudding, founder of the Prisoners' Relief society. In a letter sent to the motor king, Dudding has asked the assistance of Ford, as an organizer, to establish means for carrying on his work.

Dudding started his career as a dry goods salesman with a West Virginia firm. Circumstances landed him in prison and since his release he has devoted his life to others who enter the free world again after release from sentences.

"With my own personality I have built up on a small beginning the Prisoners' Relief society, which has now lived 12 years. Now I feel that my sunset days are here and I am trying to locate some man or woman who will be willing to accept and continue the work after my death."

Pershing Goes to Hospital

John J. Pershing, retired general of the army, is undergoing treatment in Walter Reed Hospital, Washington, following his return from Peru and Chile, where he attempted, as arbitrator, to settle the Tacna-Arica dispute. He is seen with (right) Frank B. Kellogg, secretary of state, just before entering the hospital. Note effects on his countenance of strain imposed on him by the mission.

Women Look Twenty Years Younger

Apply this new wonderful harmless cream before retiring: rub it in thoroughly and leave it on overnight. Notice how white and clear your complexion becomes. Nourishes, purifies, imperfections fade away. Your complexion will look like a child's soft smooth and beautiful. Get a jar of Meloglo Beauty Cream today at Lease Drug Co., Floding's drug store, Bolger & French and Page & Lorenz, druggist. Adv

A Good used car is a good Investment

THERE IS A STRONG DEMAND for our used cars among people who formerly bought low priced new cars. One reason is that a good used car often has a higher resale value after a year's use than a new car bought for the same money. Protect yourself by buying your used car from a Buick dealer.

USED CARS

- 1—1924 Buick Coupe
- 1—1925 Buick Sedan
- 1—1923 Buick 4-cyl. Roadster

My Policy

My policy has always been and will continue to be to give a service equal to the best and to give it at a minimum charge. Many patients and a small profit from each is my motto. I believe more teeth are lost and appearances ruined by people who are unable to pay the exorbitant prices charged by many dentists. I would rather have 100 patients and make a profit of \$2.00 on each than to have four patients and make \$50.00 on each. Twenty years of experience is back of my work. I can and do give work as good as the best. Come and see me and talk it over.

ALICE LONGWORTH & BABY

Pauline Longworth, daughter of Speaker Nicholas and Alice Longworth, and granddaughter of the late President Roosevelt, has just celebrated her first birthday. She is shown in her mother's arms.

COURT NEWS

Permanent Injunction
A permanent injunction has been granted in the case of Arley K. Felt against William Angellwright, which had to do with the closing of an alley between properties in East Liverpool. A temporary restraining order was granted in this case when it was filed March 17 last, and a permanent order has just been placed on the record.

Crime Is Passed
In the matter of the possession of Doris M. Carlisle, a minor, which was heard in common pleas court on heads corpus, the case has been passed for further hearing because of pending matters. In this case the father of the child sought its possession. The mother of the child is dead, and the child is now under the care of its grandparents in Lisbon.

Husband Gets Divorce
A divorce has been granted Russell Mitchell from his wife Mayme Mitchell on the grounds of wilful absence for more than three years. The decree has been handed down by Judge E. R. Eastman.

Poetry Restored

Let poetry once more be restored to her ancient truth and purity; let her be inspired from heaven, and, in return, her incense ascend thither; let her exchange her low, venal, trilling subjects for such as are fair, useful and magnificent; and let her execute these so as at once to please, instruct, surprise and astonish; and then, of necessity, the most inveterate ignorance and prejudice shall be stricken dumb, and poets yet become the delight and wonder of mankind.—James Thomson.

Danger Lies in every Cold

Cabin-Mate Exonerated
Two men, although unacquainted were obliged to share a cabin during a voyage from New York to London. One of them, a gruff, self-contained fellow, resisted the efforts of his cabin-mate to strike a friendship. For the first day or two they did not speak a word.

At last the gruff, self-contained man broke the silence.
"Smoke cigars?" he inquired.
"No," said his cabin-mate.
"Quite sure you don't?" the first insisted. "I've got a box of fifty here. Prime quality. Sure you don't smoke cigars?"

The affable one was sure he didn't.
"Then it must have been the steward. There are five missing from the box," said the self-contained man.

Style, comfort, luxury, sturdy construction and faultless finish—these are the outstanding qualities of the new Rickenbackers just out and now available.

On that same wonderful chassis with which "Cannon Ball" Baker made the longest list of road records ever made by one man driving the same car in one year, is now mounted a body that is equal in beauty and stability to its mechanical excellence.

Rickenbackers have been famous from the very first for advanced engineering features and for super-line machining.

Now, Rickenbacker owns its own body plants—the coach work as well as the engine and other chassis units—are all designed, built and finished in Rickenbacker shops and by the most skilled artisans known to the industry.

A glance at the Rickenbackers will suggest to you the idea of quality of the highest order—a close, critical inspection of details will confirm that first impression.

STRIKERS RATIFY MINE AGREEMENT

Coal Strike Order Will Be Lifted Tonight; Mining To Begin At Once

Seranton, Pa., Feb. 17.—Peace in the anthracite industry was today an established fact.

The strike order will be lifted at midnight, and the mining of coal will begin at once.

The strike settlement agreement arrived at by union leaders and the operators at Philadelphia five days ago was ratified last night by the Tri-District convention of anthracite miners by the overwhelming vote of 698 to 2.

This afternoon at 4 o'clock the formal wage contract will be signed in the office of Maj. W. W. Inglis, chairman of the operators' negotiating committee.

The 700 delegates ratified the compact after speeches by members of the miners' negotiating committee who said the result of their negotiations was "one of the greatest victories ever achieved by organized labor."

Shortly after the 158,000 miners go back into the pits, coal shipments will be started from the coilleries to the anthracite-consuming territory. Then-

heads of coal cars are today on the tracks awaiting shipments

HELPED BABY'S COLD

Father John's Medicine Proves Its Value In This Family

In a letter from Cliffside, N. J., Mrs. M. Daily says: "My baby was sick with an awful cold and after I had tried a number of other medicines I gave her Father John's Medicine, and it helped her very much. I would not be without it in my family." Mrs. Daily lives on 9th St., corner Morningside Ave.

Father John's Medicine is safe for all the family to take because it is made from natural ingredients and is in any form. Its nourishing elements build up strength to fight off colds and grip. Over 70 years in use.

Nationals Heed Calls To Training Camps

Ball Players Leaving This Week For Camps In South; American League Club Begin Their Spring Training Later

By DAVIS J. WALSH

New York, Feb. 17.—Major league baseball, minus some of the glamor it knew in the days when Johnny Evers spoke reprovingly to an umpire and the Waddell turned up missing for the most important series of the year, is about to be transferred from the arena to the competitive stage of its year. Within a week, 1926 development of the 16 ball clubs will be in progress. The Cubs will be on the move at their training bases and, erating at the silence will become automatic on such engrossing questions as the resin ball and Judge Landis' second term, if any.

The magnates know when they are outdistanced and they subside gracefully or otherwise as soon as the sound of the battered ball is wafted home from the camps.

Nationals Start First
Having beaten its rivals to the punch on several recent occasions, the National League seems determined to carry the matter as far as making the earlier start. The Chicago Cubs already are at Catalina island, proving only that the last shall be first.

The Giants and Dodgers are scheduled to leave late this week for Sarasota and Clearwater respectively while the champion Pirates will break for the Ponce de Leon, Cal., on Saturday almost simultaneously with the departure of the Cardinals for San Antonio.

There seems to be no such stampede on the part of American League clubs, although many of the Senators are congregating at Tampa while the Browns and Athletics will get under way for Tarpon Springs and Fort Myers before Sunday.

The advance guard of Yankees will be enroute for St. Petersburg at that time but the general average is lowered by the fact that the Tigers are late starters. Cobb didn't have a ball player at Augusta last year until March 1 and indications are that he will repeat the experiment this season.

Indians Arrive Late
The Indians and Red Sox are scheduled for comparatively late ar-

rivals at Lakeland and New Orleans respectively.

Ten of the sixteen clubs will operate in Florida again. There may be a new deal, however, next year, some of the clubs claiming that Florida expenses are not as low as some of the Florida lots at flood tide.

Be that as it might, many of the camps may be regarded as more or less permanent. The Giants will continue to go to Sarasota. The Cubs have a permanent camp at Catalina, so have the Dodgers at Clearwater and the Reds at Orlando. Neither is there any indication that the Indians will desert Lakeland nor that the Braves will leave St. Petersburg, while the Cards probably will give San Antonio a play as long as Hornsby runs the ball club.

JUNIOR PASSERS CONTINUE DRIVE FOR CLASS TITLE

The Junior boys kept up their determined drive for the interclass championship by defeating the freshmen rather easily by a 20-10 score. The Juniors' great offense was too much for the losers.

The Juniors loom up as the greatest contenders for the flag and the game between the seniors will go far toward deciding the race. Fog was the star performer of the game.

HELEN CONTINUES PLAY AS SUZANNE, WORN OUT, RESTS

French and American Girl Stars May Meet Again In Nice Tourney

Beaulieu, France, Feb. 17.—Showing no effects of the strain of her two terrific matches with Suzanne Lenglen yesterday, Helen Wills came to Beaulieu this morning to take part in the Bristol hotel tournament.

The American champion will play Miss Hamerton at 1:30 this afternoon and an hour later she will meet Miss Wright.

"Naturally, I will continue playing," Helen said in response to a question. "I see no reason why I shouldn't go on. I shall play in all Riviera tournaments because I like to play. Senorita Alvarez, the famous Spanish player, is entered in the Monte Carlo tournament next week and I'm extremely anxious to play her."

Miss Lenglen, the victor, rests at her home in Nice today, while Helen Wills, the vanquished, plunges into more strenuous play, preparing for their next meeting.

The next meeting is still indefinite, dependent upon the vagaries of the temperamental and sadly worn Suzanne.

If the play is made according to the present writing on the books, Suzanne must again face the dogged and determined Helen across the nets during the week of March 8, at Nice.

Suzanne has announced that she does not intend to play in singles again until the Nice tournament, and furthermore she doesn't apparently care much whether she meets Miss Wills again for a long time.

"I will play in the singles at Nice, and Helen may enter," said Suzanne laconically when asked when she expected to give the California girl an opportunity at revenge.

"I intend to keep right on playing," said Miss Wills, determined to play in every possible tournament, and to pass up no opportunity at meeting Suzanne, or any other star the Riviera may attract.

REFORMED PITCHER IS USUALLY BEST BATTER

By DAVIS J. WALSH

New York, Feb. 17.—It seems that Paul Waner, the young man who was such a stamper on the coast that Barney Dreyfuss took title to him only after out-scoring some of the best sharpshooters in the major leagues, is another of those ex-pitchers who reformed and never regretted the incident. The list is as long as a serpent's neck.

Nor does it lack for impressive names. Two notable examples are Sisler and George Herman Ruth, himself and in person. Herman, in fact, is one of very few who proved a headliner in both departments. Another was Kid Gleason. Here one pauses automatically for lack of authoritative data.

Ruth was a great left hand pitcher in his earlier days with the American League. However, he proved a greater left hand hitter and the bat, as every one knows, is mightier than the fingers for purposes of box office prosperity.

Sisler came up to the Browns as a pitcher from the University of Michigan and won a few games during his first few weeks in the league. But once that young man started to hit, there was only one thing to do—and they did it. No

one knows how good Sisler might have been as a pitcher. No one cares.

Tris Speaker also started life as a pitcher, but never carried the matter to extremes. He came up to the big time as a hitting outfielder many years ago and as a hitting outfielder, he has remained. In this respect he differs from Ruth, Sisler, Sam Rice and Charley Jamieson, all of whom made the big league raffle as pitchers first and as hitters afterward.

Rice and Jamieson may thank Clark Griffith for the fact that they are star outfielders today. They were left hand pitchers when they went to the Senators, but Griffith liked their hitting and turned them loose in the outfield.

Rube Bressler of the Reds, now is a fine hitter but an indifferent outfielder and first baseman. Twelve years ago, he was regarded as one of the coming left handers in the American League.

Other good ones who made the change from mound to outfield early in their careers include Rob Fulk, Eddie Bush, Goose Goslin, Hazen Cuyler, Al Simpson, Al Wingo, Joe Hauser, Johnny Tobin and Charley Hartnett.

PRESS OF PARIS LAUDS HELEN AS A WORTHY RIVAL

Paris, Feb. 17.—While hailing the victory of Suzanne Lenglen as a national triumph the press today paid tribute to Helen Wills as a worthy adversary and admitted that the American girl had set the pace practically throughout the match.

Only one newspaper, however, The Echo Des Sports, conceded that the match proved that Lenglen was no longer in a class by herself.

"Hitherto," this paper said, "it was believed that no rival could menace Suzanne's reign as queen of tennis. And without wishing to belittle her, the match made it plain that the defeat of Lenglen can now be considered as conceivable, normal happening far from deciding the question of the relative superiority of the two con-

testants, yesterday's play complicated it."

Bridge Improvement Program Is Started

In order that a program of bridge improvements can be put over, the county commissioners have passed a resolution declaring it necessary to transfer \$10,000 from the county general fund to the county bridge fund. With this legislation finished, an application will be filed in common pleas court immediately seeking the authority of the court to go through with the transfer.

Chicago—A new prescription for tired feet was given by the Illinois Association of Chiropodists. "If you get tired of walking because your feet hurt—walk some more," is the advice of the chiropodists.

FARMERS LIBRARY AIDED BY COLLEGE

Midwinter is harvest time for the Ohio farmer's library.

Seven bulletins, three of them new and the rest revised editions of earlier publications, are announced for free distribution by the agricultural college extension service at the Ohio State university. Any or all of them may be had on request to the agricultural publications office at the university.

"How to Raise the Chicks," by G. S. Vickers, in 16 pages discusses in detail the management and feeding of chicks, common troubles and diseases, and their control. Ohio's "Big Ten" rules for raising baby chicks are included.

"Pruning Fruit Trees," by F. H. Beach and C. S. Holland, 36 pages profusely illustrated, shows the right and wrong way of pruning it suggests the way to prune apple, pear, peach, sweet and sour cherry, and plum trees.

"Agriculture in the Clermont Soil Loam Area," by C. R. Arnold, in 20 pages gives the findings of an economist's survey of 83 farms in this area in southwestern Ohio.

"The Paper Dress Form," by Edna M. Callahan, is an 8-page revised edition of a pamphlet fully illustrated to show the construction and use of summed paper dress forms. "The School Lunch," 16 pages, with new illustrations and text, comes from home economics specialists who consider the hot school lunch for rural schools an economic as well as a dietary problem.

"Poultry Houses and Equipment," a 40-page bulletin prepared jointly by

oultry and agricultural engineering specialists, gives detailed plans for the construction and equipment of Ohio model poultry houses. "Use of the Farm," by Virgil Overton, is a new and revised edition of a 1917 bulletin first issued in 1917. The engravings illustrate the directions in the text.

"HAIR-GROOM"

Keeps Hair Combed, Glossy, Well-Groomed all Day

"Hair-Groom" is a digitized combing cream which costs only a few cents a jar—at any drug store. Millions use it because it gives that natural gloss and well-groomed effect to the hair—that final touch to good dress both in business and on social occasions. Even stubborn, unruly or shampooed hair stays combed all day in any style you like. "Hair-Groom" is greaseless; also helps grow thick, heavy, lustrous hair.

48 MILLIONS IN WORKMEN'S FUND

Large Reserve Set Aside For Claims Allowed But Unpaid

Columbus, Feb. 17.—A balance of \$48,145,868.52 was left in the state workmen's compensation fund at the close of business Jan. 31, according to a report made public today by Herman R. Witter, director of the state department of industrial relations.

Of this amount, \$1,664,077.13 was set aside as a reserve for claims allowed but unpaid, and other encumbrances. Total disbursements for the month amounted to \$1,046,314.87 and were \$150,413.79 in excess of the receipts. During the month there were 459 new risks given coverage, while 365 were cancelled. The total number of risks in force on Jan. 31 was 35,123.

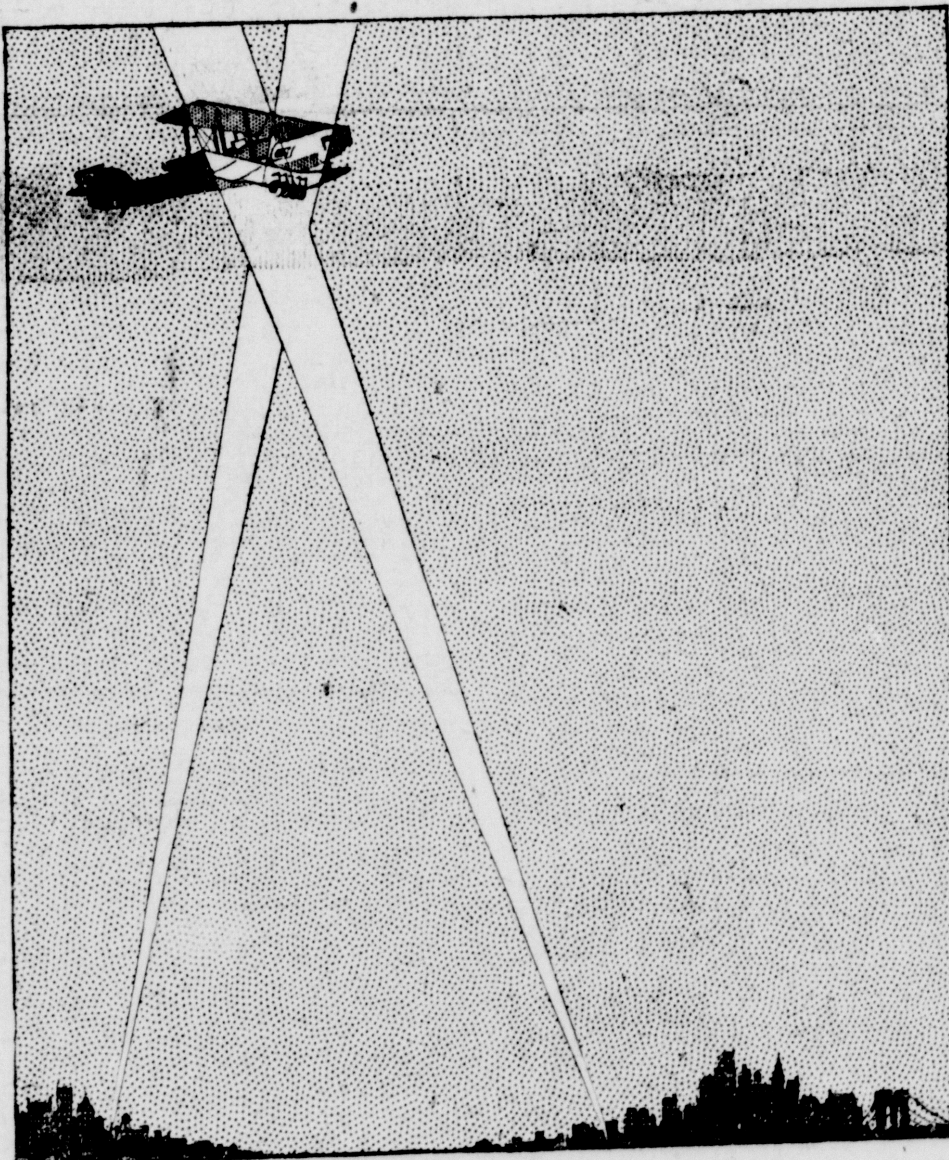

The report shows that 16,055 claims were filed during the month. This is a decrease of 1,118 from the number filed in December, 1925. Of this number, 103 were death claims. A total of 20,717 state and public employees claims were prepared and passed upon by the commission. This number includes medical claims only and the special hearings. With the special hearings in other classes of claims, a total of 20,865 claims were heard during the month, or an average of 1943 for each of the 20 hearing days of the month.

A real system of punctuation was first introduced in printed books by a publishing firm in Venice in the 16th century.

On Shaky Throne

Lord Reading is considering dethroning the Maharajah of Indore before retiring as viceroy of India, as a result of grave complications ensuing from the now famous nautch dancer murder case, in which the maharajah, shown above, was allegedly implicated. Other Hindu princes contend the British government has no right to take action against the Indore ruler, who is one of the most powerful Indian kings.

REV. MACAULEY TO HAVE CELEBRATION

Pastor Has Been Active As Civic Leader In Lisbon For 6 Years

Lisbon, Feb. 17.—Next Sunday Rev. Peter W. Macauley and the congregation of the First Presbyterian church, Lisbon, will celebrate the seventh anniversary of the pastorate of this minister.

During the morning service the mid-winter communion service will be observed with a reception of new members. At the evening service the pastor will speak on the subject, "Our Church" dealing with what has been accomplished by the church during the seven years of his ministry.

Mr. Macauley came to the Presbyterian church of Lisbon in February, 1919, from the churches of Florence and Frankfurt, Pa., this being his second charge. He succeeded Rev. John C. Strubel, now pastor of the Presbyterian church at Columbiana. At that time the Lisbon church had an enrollment of 550 members, and was in a flourishing condition, with many active and thriving organizations. In fact, a good and lasting work had been done by those who preceded the present pastor in this church.

During the six years of the present pastorate over 300 members have been added to the roll of the church, and the membership now stands at 710, the largest church in any town in the state of Ohio with a population of 3,500.

The congregation has more than doubled its gift to all causes, and has laid by each year a surplus of \$2,000 for a building fund.

This spring the church will add extensive repairs to its present building costing approximately \$60,000, about half of which amount has already been subscribed. A new organ is included in this repair program.

The women's organization, the Friendship Circle, has already subscribed \$5,000 toward the organ fund, and the balance will be underwritten by special gifts, since the organ will be dedicated to the mothers of the church past and present.

Has 30-Piece Band
The Lisbon Presbyterian church has a band of 30 pieces, which is considered one of the best bands in this part of the state. This band plays free of charge for any church or patriotic organization in Lisbon, and is supported by the community at large, the church furnishing the room, light and heat one night each week for rehearsal.

Rev. Macauley has been just as active in the community as in the church. He was the first president of the Lisbon Kiwanis club, which of five he held two years, and is still a very active member of this organization, as well as also taking a very active part in the Boy Scout organization, not only in Lisbon but also in the county.

The Lisbon Presbyterian church has an auditorium which seats 300 and is filled almost every Sunday morning. The average attendance for the morning service during the last six years has been 250 and the evening service attendance has averaged 150. Ushers count the congregation at every service and an accurate record of attendance at all church services has been kept during all these years. In this manner the pastor is able accurately to determine the gains or losses in church attendance from year to year.

On the meeting of Mahoning Presbytery, in which the Lisbon church is located, has the Rev. Macauley failed to attend, and he was honored by being moderator of this presbytery last year.

Rev. Macauley is a graduate of Franklin college and also of the Western Theological Seminary. He has been in the ministry ten years next month. He is a member of the Masonic fraternity in Lisbon, and also of St.

lem Commandery, Knights Templar, of Salem.

County Funds Given For Palestine Fair

The East Palestine Agricultural society has been paid \$800 by the county commissioners, under a provision of law authorizing the payment of county funds procured through taxation for such purposes to agricultural societies holding fairs. The Columbiana County Agricultural society, which has charge of the county fair at Lisbon, received its compensation from the county several months ago.

Plan Bathing Beach Along Beaver Creek

A bathing beach is to be built in the vicinity of Brown's bridge on the Lincoln highway in Madison township this spring, an application having been filed with the county commissioners for permission to build a four foot dam in the south fork of Beaver creek near the bridge.

The application for this permission has been filed by the owner of land on both sides of Beaver creek at that point, and a detailed plan of the beach and also the dam is to be filed with the commissioners. This beach will be

the only one between East Liverpool and Kelley's park, east of Leetonia.

Persons who want anything know that The News is the Want Medium in its vicinity. So read it.

The Forgotten Letter

MRS. Brown decided to spend a quiet evening reading. She picked up a book, which she had laid aside months ago, determined to start the story, and on opening it what should stare her in the face but a letter from a dear friend—a letter she had forgotten to answer

Would that old friendship be terminated by her unparadonable forgetfulness? She determined that it should not, but how could she make amends? Her glance fell on the telephone and her problem was solved.

Soon she was talking with her friend half way across the continent—talking as satis-

factorily as if she were in the same room and everything was explained. A few minutes chat was enjoyed and the ties were more strongly cemented than before. It was a pleasure for both which was inexpensive, as station-to-station calls after 8:30 take a special reduced rate if the day rate is more than 25 cents.

Perhaps you have forgotten a letter or are letting old friendships drift apart because of lack of contact. Long distance service is waiting to put you in touch with old associations and to keep old friendships alive. A short chat is a good substitute for a visit, for remember your voice is you.

BILL WOULD END ANNOYING CUSTOM

Mailing Merchandise With Out Orders Attacked In House Bill

Business organizations in Ohio are interested in the passage of a measure introduced at Washington by Congressman Henry Watson of Pennsylvania, which prohibits manufacturing concerns from sending merchandise through the mails unless the goods have been ordered by the persons addressed.

The bill is designed as a death blow to the "buy-it-or-return-it" business, which recently seems to have developed into large proportions. Certain neckwear concerns, for example, have been mailing promiscuously without orders as many as 500,000 neckties per week.

In a letter today to George H. Mounts, secretary of the Retail Merchants' Association, George V. Sheridan, director of the Ohio Council of Retail Merchants, points out that this practice has greatly diminished in recent weeks. Chambers of Commerce, better business commissions and other local organizations through out Ohio have given wide publicity to the fact that persons receiving these unordered shipments are under no moral or legal obligations either to purchase or return merchandise which has been shipped to them.

The postoffice department in Washington, feeling that the practice was an unwarranted imposition on the people who received the merchandise likewise dealt the practice a serious blow recently through an order which prevented the manufacturers from insuring packages so shipped.

Church Remodeling To Be Started Soon

Lisbon, Feb. 17.—Remodeling of the Lisbon Presbyterian church is expected to begin as soon as weather permits, it is announced, the contract for the improvement having been awarded an Alliance firm last fall.

The church auditorium is to be enlarged by taking in a part of the present Sunday school room. An addition is also to be built to the rear of the church building which will permit of the enlargement of the Sunday school room.

A new organ has been included in the improvement program, and this will be placed in another part of the building in the memorable dedication in August 1858, will be converted into a small memorial park.

A boulder now marks the location, which has added historic interest due to the fact that it was dedicated to Theodore Roosevelt in 1903.

The owners of the land has also donated \$100 toward its improvement as a memorial park. A building nearby is planned for exhibit of objects with historic value.

Akron.—As an argument for new junior high schools to relieve congestion in present overcrowded buildings, Supt. of Schools George McCord told members of the board of education that for the first time in the history of Akron schools, school enrollment now exceeds 6,000 mark. There are 3,168 girls, 3,036 boys, a total of 6,144.

Spot Where Lincoln And Douglas Argued To Be Memorial Park

Freeport, Ill., Feb. 17.—Considered for some time as a possible factory site, it is now expected that the spot where Abraham Lincoln and Stephen A. Douglas met in the memorable debate in August 1858, will be converted into a small memorial park.

A boulder now marks the location, which has added historic interest due to the fact that it was dedicated to Theodore Roosevelt in 1903.

The owners of the land has also donated \$100 toward its improvement as a memorial park. A building nearby is planned for exhibit of objects with historic value.

Defends Earl

Lady Vera Willshire, whose husband is a bosom friend of the Earl of Craven, has come to the defense of the British lord, who may be asked to leave the United States by the immigration authorities. The Countess of Cathcart was barred from America for an escapade with the Earl and her friends have demanded that Craven be barred too. Lady Vera says the charges against Craven are inconsistent with the widespread respect shown by American society people.

COURT NEWS

Two Are Fined

The closing chapter was written in juvenile court Tuesday afternoon in the cases of Ray Carrall, Lester Rolby, William McKinnon and Antha Dash, who were bound over to this court from that of former Mayor F. C. Blackburn, Wellsville, Dec. 22 last.

The defendants were represented by Attorney W. A. O'Grady, and the cases against Carrall and Dash were dismissed by the court at the costs of the defendants, and with the approval of their counsel.

In the case of McKinnon, who entered a plea of guilty to taking \$20, the defendant was fined \$50 and costs by the court, and in addition given a full sentence of 30 days. McKinnon has already been in jail about 50 days.

Rolley entered a plea of guilty to furnishing intoxicating liquors, and the court fined him \$500 and costs, and committed him to the county jail until the fine and costs are paid. It is said that Rolley is now making arrangements to pay his fine.

court by the Union Banking Co. through its counsel W. O. Wallace and against Eric P. Altenburg and others. Interest on the notes is claimed since March 15, 1925, and the court is asked to grant a judgment on the claim.

Man Wants Divorce

Declaring that his wife has been absent from his home since March 15, 1921, and that her present whereabouts are unknown to him, Eli Hodkinson, through his counsel Lones, Hill and Davidson of East Liverpool, has filed a petition for divorce from his wife Grace Hodkinson.

The petition relates that the couple were married at New Cumberland, W. Va., May 15, 1916, and that no children are of issue. The couple lived together only five years according to the facts set forth in the petition.

BETTER THAN CALOMEL

Thousands Have Discovered Dr. Edwards' Olive Tablets are a Harmless Substitute

Dr. Edwards' Olive Tablets—the substitute for calomel—are a mild but sure laxative, and their effect on the liver is almost instantaneous. These little live-colored tablets are the result of Dr. Edwards' determination not to treat liver and bowel complaints with calomel. The pleasant little tablets do the good that calomel does, but have no bad after effects. They don't injure the teeth like strong liquids or calomel. They take hold of the trouble and quickly correct it. Why cure the liver at the expense of the teeth? Calomel sometimes plays havoc with the gums. So do strong liquids. It is best not to take calomel. Let Dr. Edwards' Olive Tablets take its place.

Headaches, "dullness" and that lazy feeling come from constipation and a disordered liver. Take Dr. Edwards' Olive Tablets when you feel "lumpy" and "heavy." They "clear" clouded brain and "perk up" the spirits. 15c and 30c.

YAEGER COALCO.
Phone 1141 313 E. High St.

Here Is An Opportunity You Do Not Find In a Lifetime

We are going to offer you a fine city home built in the country. It is located about one mile from Salem and consists of 27 acres of land, in the highest state of cultivation, having an abundance of FIRST CLASS FRUIT, variety of all kinds. Also berries. Has an EXTRA FINE HOUSE of seven rooms, ELEGANTLY PLANNED, WITH OPEN STAIRWAY. House is finished from top to bottom in HARD WOOD. This includes hardwood floors and finish upstairs as well as down. Another fine feature is the CUPBOARDS IN KITCHEN are also finished in HARD WOOD, WITH FINE DASH SINK, COMPLETE BATH, ELECTRIC LIGHTS, FURNACE, CEMENTED BASEMENT, divided into three parts. Automatic water system. Good bank barn with stanchions for nine cows. Good silo. Two poultry houses, also two brooder houses.

This is one of the biggest BARGAINS I have ever offered. The house alone would cost \$7,500.00 to build and that is what we are asking for the entire farm. Now if you are interested you will have to act quick as it will soon be in the hands of new owners. It ought to sell readily for \$10,000.00.

BILL WOULD END ANNOYING CUSTOM

Mailing Merchandise With Out Orders Attacked In House Bill

Business organizations in Ohio are interested in the passage of a measure introduced at Washington by Congressman Henry Watson of Pennsylvania, which prohibits manufacturing concerns from sending merchandise through the mails unless the goods have been ordered by the persons addressed.

The bill is designed as a death blow to the "buy-it-or-return-it" business, which recently seems to have developed into large proportions. Certain neckwear concerns, for example, have been mailing promiscuously without orders as many as 500,000 neckties per week.

In a letter today to George H. Mounts, secretary of the Retail Merchants' Association, George V. Sheridan, director of the Ohio Council of Retail Merchants, points out that this practice has greatly diminished in recent weeks. Chambers of Commerce, better business commissions and other local organizations through out Ohio have given wide publicity to the fact that persons receiving these unordered shipments are under no moral or legal obligations either to purchase or return merchandise which has been shipped to them.

The postoffice department in Washington, feeling that the practice was an unwarranted imposition on the people who received the merchandise likewise dealt the practice a serious blow recently through an order which prevented the manufacturers from insuring packages so shipped.

The Ohio Retail Council is recommending the passage of Congressman Watson's bill, however, in the belief it will effectually and finally stamp out this annoying custom.

Church Remodeling To Be Started Soon

Lisbon, Feb. 17.—Remodeling of the Lisbon Presbyterian church is expected to begin as soon as weather permits, it is announced, the contract for the improvement having been awarded an Alliance firm last fall.

The church auditorium is to be enlarged by taking in a part of the present Sunday school room. An addition is also to be built to the rear of the church building which will permit of the enlargement of the Sunday school room.

A new organ has been included in the improvement program, and this will be placed in another part of the church instead of where the present organ is located.

It has not been determined where

the congregation will worship while the improvement to the church is in progress.

The church auditorium is to be enlarged by taking in a part of the present Sunday school room. An addition is also to be built to the rear of the church building which will permit of the enlargement of the Sunday school room.

Spot Where Lincoln And Douglas Argued To Be Memorial Park

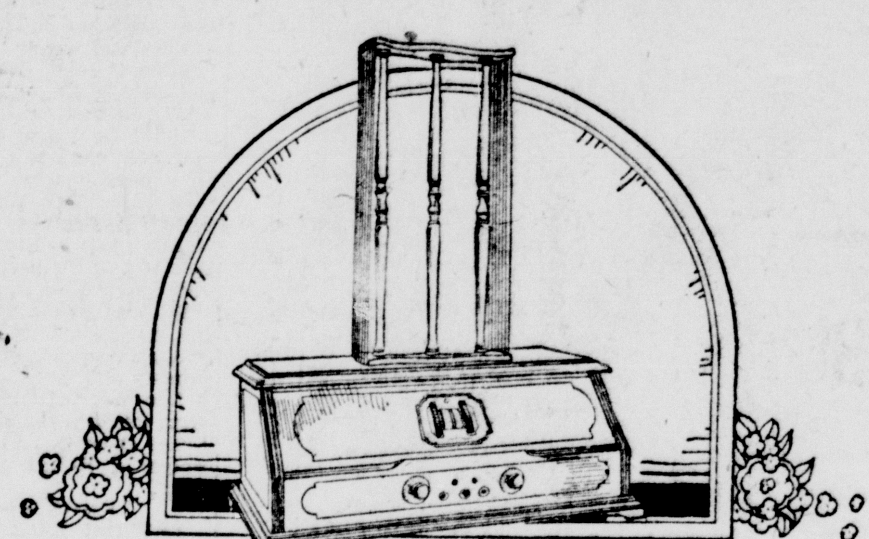

Freeport, Ill., Feb. 17.—Considered for some time as a possible factory site, it is now expected that the spot where Abraham Lincoln and Stephen A. Douglas met in the memorable debate in August 1858, will be converted into a small memorial park.

A boulder now marks the location, which has added historic interest due

to the fact that it was dedicated by Theodore Roosevelt in 1903.

The owners of the land has offered to sell the site at the price paid and also donate \$100 toward its improvement as a memorial park. A building nearby is planned for exhibit of objects with historic value.

Akron.—As an argument for need of new junior high schools to relieve congestion in present overcrowded buildings, Supt. of Schools George E. McCord told members of the board of education that for the first time in the history of Akron schools, high school enrollment now exceeds the 6,000 mark. There are 3,168 girls and 3,036 boys, a total of 6,144.

COLUMBIANA

The members of the Columbiana Rotary club at their meeting Monday evening listened to an excellent address by Clyde Bream of Pittsburg, Pa., who is visiting in Leontonia with Mr. and Mrs. Wilbur Mellinger. Mr. Bream spoke on "Gettysburg, Its Past and Present," touching the high spots of the famous battle and illustrating his talk with numerous interesting stories.

Other guests present were Robert Hattard and Wilbur Mellinger of Leontonia, and Frank Jolly and Mr. Huddons of Melbourne, Fla. Tuesday evening, Feb. 23, the local club will be the guests of the Sebring club for the evening at Sebring.

Two weeks of special revival meeting will begin Sunday at the Christ church, in charge of Rev. J. J. Tisdall, pastor at the First Christian church of Pittsburg. This famous speaker will no doubt attract large audiences at each meeting.

The members of the Methodist, Reformed and Presbyterian churches are holding cottage prayer meetings at various homes in preparation for the series of union revival meetings which will begin soon.

The Gradatim Literary society will give an interesting program Friday afternoon in the high school auditorium, to which the general public is especially invited.

Henry Staley and Park Rontinger are again at their duties at the Jeffreys-Staley Co., after a sabbatical of grip.

Mr. and Mrs. William Allen have purchased the William A. Johnson property on Middle st. and will occupy it as a home.

Mr. and Mrs. George Shearer and family were guests Sunday at the home of Mr. and Mrs. Irvin Smith, Fairfield ave.

Miss Elsie Deemer is in Leontonia, nursing the daughter of Mr. and Mrs. Joe Wagonhouse, Jr., who is ill of pneumonia.

Art Johnson, Clyde Hoover and Lauren Myers attended the Y. M. C. A. lecture at Youngstown Sunday afternoon.

Mrs. Ralph Irons is confined to her home on North Main st with an attack of scarlet fever.

Mr. and Mrs. Thomas Snyder and family were guests Sunday of Mr. and Mrs. Homer Zimmerman and family.

Prof. L. H. Weaver has been appointed local chairman of the Mt. Union college drive for funds which will be held in a few weeks.

R. J. Miller, local real estate man, has returned from an extended trip to North Carolina and other points.

LeRoy Holloway of Akron, was the guest of relatives and friends here over the week end.

Miss Florence Hively was a Salem visitor Monday evening.

MACCABEES GAIN 22,582 MEMBERS

Detroit, Feb. 17.—Assets of \$28,961,369 are shown by the Maccabees in their financial statement of December 31, 1928, according to a recent communication received by local members of the order from A. W. Frye, supreme commander.

A report of the year's activities issued by Mr. Frye from the association's headquarters shows an increase in assets of \$4,012,016 during

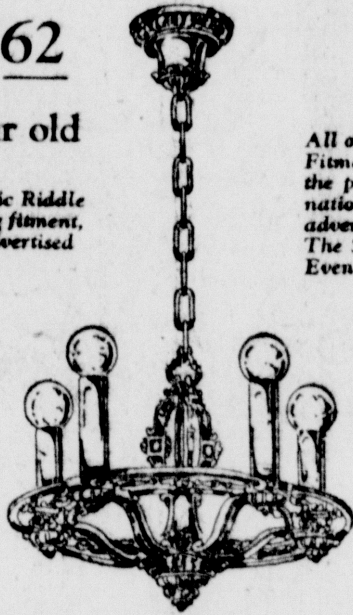

the past year, when 22,562 new members were admitted and \$27,948,000 in insurance written.

The Maccabees advanced \$5,279,968 in mortgage loans to assist in the erection of homes last year, Mr. Frye states. A still larger sum will be available for this purpose in 1929 and the society's policy of investing its reserve funds to help the man of moderate means to own his own home will be continued.

Defends Earl

Lady Vera Willshire, whose husband is a bosom friend of the Earl of Craven, has come to the defense of the British lord, who may be asked to leave the United States by the immigration authorities. The Countess of Cathcart was barred from America for an escapade with the Earl and her friends have demanded that Craven be barred too. Lady Vera says the charges against Craven are inconsistent with the widespread respect for American society people.

COURT NEWS

Two Are Fined

The closing chapter was written in juvenile court Tuesday afternoon in the cases of Ray Carroll, Lester Rolly, William McKinnon and Anthna Dash, who were bound over to this court from that of former Mayor F. C. Blackburn, Wellsville, Dec. 22 last. The defendants were represented by Attorney W. A. O'Grady, and the cases against Carroll and Dash were dismissed by the court at the costs of the defendants, and with the approval of their counsel.

In the case of McKinnon, who entered a plea of guilty to taking \$20, the defendant was fined \$50 and costs by the court, and in addition given a jail sentence of 30 days. McKinnon has already been in jail about 50 days. Rolly entered a plea of guilty to furnishing intoxicating liquors, and the court fined him \$500 and costs, and committed him to the county jail until the fine and costs are paid. It is said that Rolly is now making arrangements to pay his fine.

court by the Union Banking Co. through its counsel W. O. Wallace and against Eric P. Altenburg and others. Interest on the notes is claimed since March 15, 1925, and the court is asked to grant a judgment on the claim.

Man Wants Divorce

Declaring that his wife has been absent from his home since March 15, 1921, and that her present whereabouts are unknown to him, Eli Hodkinson, through his counsel Lones, Hill and Davidson of East Liverpool, has filed a petition for divorce from his wife Grace Hodkinson.

The petition relates that the couple were married at New Cumberland, W. Va., May 15, 1916, and that no children are of issue. The couple lived together only five years according to the facts set forth in the petition.

BETTER THAN CALOMEL

Thousands Have Discovered Dr. Edwards' Olive Tablets are a Harmless Substitute

Dr. Edwards' Olive Tablets—the substitute for calomel—are a mild but sure laxative, and their effect on the liver is almost instantaneous. These little olive-colored tablets are the result of Dr. Edwards' determination not to treat liver and bowel complaints with calomel. The pleasant little tablets do the good that calomel does, but have no bad after effects. They don't injure the teeth like strong liquids or calomel. They take hold of the trouble and quickly correct it. Why cure the liver at the expense of the teeth? Calomel sometimes plays havoc with the gums. So do strong liquids. It is best not to take calomel. Let Dr. Edwards' Olive Tablets take its place.

Headaches, "dullness" and that lazy feeling come from constipation and a disordered liver. Take Dr. Edwards' Olive Tablets when you feel "lousy" and "heavy." They "clear" clouded brain and "perk up" the spirits. 15c and 30c.

YAEGER COALCO.

Here Is An Opportunity You Do Not Find In A Lifetime

We are going to offer you a fine city home built in the country. It is located about one mile from Salem and consists of 27 acres of land, in the highest state of cultivation, having an abundance of FIRST CLASS FRUIT, variety of all kinds. Also berries. Has an EXTRA FINE HOUSE of seven rooms, ELEGANTLY PLANNED, WITH OPEN STAIRWAY. House is finished from top to bottom in HARD WOOD. This includes hardwood floors and finish upstairs as well as down. Another fine feature is that the CUPBOARDS IN KITCHEN are also finished in HARD WOOD. WITH FINE DASH SINK, COMPLETE BATH, ELECTRIC LIGHTS, FURNACE, CEMENTED BASEMENT, divided into three parts. Automatic water system. Good bank barn with stanchions for nine cows. Good silo. Two poultry houses, also two brooder houses.

This is one of the biggest BARGAINS I have ever offered. The house alone would cost \$7,500.00 to build and that is what we are asking for the entire farm. Now if you are interested you will have to act quick as it will soon be in the hands of new owners. It ought to sell readily for \$10,000.00.

Dinner	
Baked Salmon	
Mashed Potatoes	White Bread
Creamed Carrots and Peas	
Pear and Quince Sauce	
Bread Dough Cake	
Milk	Tea

TODAY'S RECIPES
Health Muffins—One-half cup white flour, four teaspoons baking powder, one teaspoon salt, one cup graham flour, one-half cup bran, one cup raisins, cut in pieces, one egg, one and one-quarter cups milk, two tablespoons shortening. Sift white flour, baking powder and salt together. Add graham flour, bran and raisins. Stir in well beaten egg, milk and shortening. Beat until thoroughly mixed; pour into greased muffin pans. Bake in moderate oven 30 to 35 minutes.

Bread Dough Cake—When bread is ready to shape into loaves, take a half pint cup full of the raised dough and set aside. Now take one cup sugar, brown or white, one-third cup butter, yolks of two eggs, one-quarter teaspoon cinnamon, nutmeg and allspice, one tablespoon warm water, one level teaspoon soda sifted in one third cup sifted flour. Mix well together with spoon. Have one cup of seedless raisins plumped and dry, put three quarters of them with the bread dough and mix all together with hands until nice and fine like cake batter. Last, stir with a wooden spoon, and put the remaining one-quarter cup raisins over top of cake. This may sound like a lot of work but it is really very simple. A longer process cake is just like longer bread. Both have a much better taste.

Baked Salmon—One can salmon, one cup bread or cracker crumbs, cream with salt, little pepper, moisten

Good Proportions In the Diet

The problem of serving well balanced meals often causes the conscientious housewife a good deal of worry. Adequacy, wholesomeness, attractiveness and cost must all be considered.
 The booklet, "Good Proportions in the Diet," prepared by the States Regulation Service of the Department of Agriculture covers thoroughly every detail of food selection, tells what kinds of food are needed, gives the proportions and amounts of food required, and suggests a number of menus for well-balanced meals.
 Every woman who is responsible for the meals of a household should have a copy of this book. Send for yours today. Fill out and mail the coupon below, enclosing two cents in stamps for return postage.

Frederic J. Haskin, Director,
 The Salem News
 Information Bureau,
 Washington, D. C.

I enclose herewith two cents in stamps for return postage on a free copy of the booklet "Good Proportions in the Diet."

well with sweet milk and two beaten eggs. Butter a casserole, pour into the mixture. Sprinkle with crumbs and pieces of butter; bake 45 minutes in a quick oven.

Quince and Pear Sauce means the fruits canned together in the fall. It is delicious, better than either canned alone.

SUGGESTIONS
 A highly decorated little coffee table is often being used nowadays to give a definite touch of color and tone to a room. These coffee tables are especially attractive in Chinese red lacquer.

Slip covers in chintz, plain or glazed with small floral patterns will give colonial character to modern stuffed furniture. The covers should be put on plain with perhaps a ruffle around the bottom if desired.

LATEST IN STYLE FOR WOMEN

Paris, Feb. 17.—Stockings are about the only articles that are stable these days, at least as far as the shade is concerned. Every so often it is rumored that black ones are coming back, but no one ever sees them, or at least, very rarely. For three years, flesh-colored stockings running the whole gamut from palest beige to deepest sunburn, have been worn and they show no signs of disappearing during the present season.

Mandarin Blouse in Gold and Black

This stunning spring frock is fashioned of black satin française with bell sleeves and a mandarin effect in the blouse, which is trimmed in gold metal cloth.

Now and then one sees leaf-brown hose matching shoes of the same tone and light grey ones may come back into favor if adopted by a sufficient number of fair wearers who know they look well in grey.

For the evening many of the women are adopting a pale greyish mauve and then there are always the gold and silver ones to match the gold and silver slippers. Painted stockings and beaded ones are also much worn, some of them having delightful colorful designs.

The sport stockings of the moment is a gay woolen affair very popular at Chamonix and St. Moritz. It comes in the most daring, dashing effects in Indian patterns, Oriental designs and all kinds of woven and embroidered effects. The colors may repeat a note in the scarf or the cap or may introduce a new note of their own. The silk-ribbed stocking is attracting more and more attention for travel and sport wear.

This Man Intends to Keep It In the House

In May or June, 1913, I got four bottles which were worth many dollars to me. They enabled me to go to work again. I had lost 40 pounds but these 4 bottles of MAYR'S "One Dose Will Convince" for stomach trouble gained back all I had lost and I feel like a new man since. I shall keep it in the house all the time." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. All druggists. Adv.

Local—The new \$150,000 temple of Lorain Masons will be erected on a site at Washington ave., and Fourth street. The structure, according to present plans, will be four stories high.

SENATORS FIGHT TUBERCULAR MILK

Federal Funds Sought For Fight To Stamp Out T. B. In Cattle.

Washington, Feb. 17.—A fight to save American babies from the milk of tubercular cows was staged today by health authorities from a dozen states before the senate appropriations committee.

The health authorities rallied around an amendment to the agriculture appropriation bill proposed by Senator Pepper, R. of Pennsylvania, asking an appropriation of \$6,000,000 to aid states in stamping out bovine tuberculosis. This fund, an increase of \$2,000,000 over the house appropriation, would be distributed among the states.

Senator Copeland, D. of New York, former health commissioner of New York city, urged the appropriation as a means of saving the lives of babies.

"Every case of bone and joint disease in children can be traced to tubercular milk," said Copeland. "There is nothing so dangerous as raw milk, unless it is freed of tubercular germs. The situation today is a real menace to our babies and if an expenditure on agriculture was justified, this one to eliminate bovine tuberculosis is."

Pepper said the government had started on a 50-50 basis but now was spending only one-fourth of the amount expended by the states. Federal cooperation, he said, was imperative.

How Skinny Kids Gain Weight and Strength

Everyone knows that Cod Liver Oil is full of vitamins, is a flesh builder and supreme. In children where rickets are suspected it even helps to build up the bones and strengthen the body.

But let us all be glad! the poor underweight, sickly, puny kids don't have to take the vile, nasty, oil itself any more for thanks to science Mr. Coy's Cod Liver Oil Compound Tablets have taken its place.

Sugar coated they are and as easy to take as candy and if you will give them to your sickly child for thirty days, you'll be very happy indeed.

If you are not, The J. H. Lease Drug Co., Floding's drug store, Bolger & French or the druggist from whom you bought them is authorized to return your money, 60 tablets 6 cents—but be sure and get McCoy's the original and genuine. Adv.

White Fur Trims Mid-Season Suit

A new late winter suit shown in Paris consists of a plaid tweed three-quarter length coat and split skirt. It is trimmed with white fur.

LARGE INCREASE AT MOUNT UNION

Alliance, Feb. 17.—Students of Mt. Union college are largely drawn from communities of Northeastern Ohio, according to figures recently revealed by college authorities. A total of 140 of the 500 students registered in the institution come from homes within a radius of 50 miles of Alliance. The last 15 years have registered a 300 per cent increase in student enrollment and lack of accommodation has forced officials to turn a number of applicants away during the past few years.

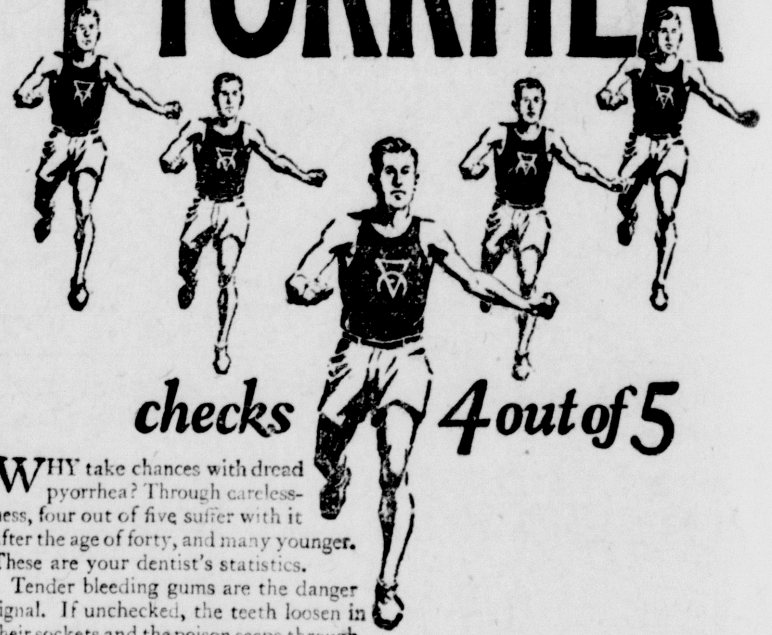

Statistics show that the Northeastern Ohio district is one of the greatest college-going communities in the country. Every year 45 per cent of the 2,000 high school graduates in

these towns and cities go to college. This is believed to be one of the highest averages in the United States. Mt. Union college is one of the best located institutions in this college going district and it is believed that enlarged accommodations will double the enrollment of the school within a short time.

New York—Enough drugs are used annually in the United States to put the entire population to sleep for 12 days. F. A. Wallis, commissioner of correction, said in an address here.

Persons who want anything known in this vicinity. So read it.

PYORRHEA

WHY take chances with dread pyorrhea? Through carelessness, four out of five suffer with it after the age of forty, and many younger.

These are your dentist's statistics.

Tender bleeding gums are the danger signal. If unchecked, the teeth loosen in their sockets and the poison seeps throughout the system, frequently producing rheumatism, neuritis and other serious troubles.

If Pyorrhea has set in go to your dentist immediately for treatment. He can help you. To prevent pyorrhea consult him at least twice a year, and brush your teeth night and morning with Forhan's for the Gums.

This pleasant dentifrice contains Forhan's Pyorrhea Liquid which has been used by dentists for the last 15 years in the treatment of pyorrhea. If used regularly and in time it checks or prevents the ravages of this mouth scourge. Start brushing your teeth with Forhan's today. It not only gives your teeth a perfect cleansing, but keeps you safe from dread pyorrhea's tolls. All druggists, 35c and 60c in tubes.

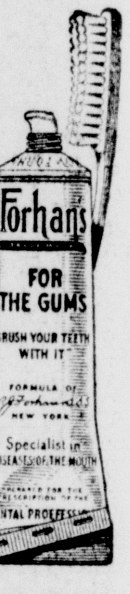

Formula of R. J. Forhan, D. D. S.
